TO EXTEND THE DEADLINE TO COMMENCE DRILLING
OPERATIONS UNDER ORDER NO.
R-23636, EDDY COUNTY, NEW MEXICO.**

**CASE NO. _____
R-23636**

APPLICATION

Civitas Permian Operating, LLC (“Applicant” or “Civitas”), OGRID Number 332195, through its undersigned attorneys, hereby files this application with the Oil Conservation Division (“OCD”) to amend Order No. R-23636 (the “Order”) to allow additional time to commence drilling the initial well authorized by the Order. In support of its application, Civitas states the following.

1. On January 14, 2025, the OCD issued Order No. R-23636 in Case No. 24887, creating a standard 640-acre, more or less, horizontal well spacing unit within the Purple Sage; Wolfcamp (Gas) Pool (Code 98220) comprised of the S/2 of Sections 22 and 23, Township 24 South, Range 26 East, Eddy County, New Mexico (the “Unit”) and pooled all uncommitted interests within the Unit.
2. Civitas was designated as operator and Order R-23636 dedicates the Unit to the proposed initial **Modelo 22-23 Fed Com 211H**.
3. Under the Order, Applicant would be required to commence drilling the wells by January 14, 2026.
4. Civitas requests that the Order be re-opened and amended to allow Applicant additional time to commence drilling the wells under the Order.
5. This is Applicant’s first request for an extension of the Order.
6. There is good cause for Applicant’s request for an extension of time to drill and, therefore, asks for the deadline to commence drilling the wells to be extended for one year to January 14, 2027.
7. Order R-23636 allows Civitas to request an extension by notifying the OCD and all parties

that required notice of the original compulsory pooling application in accordance with 19.15.4.12.B and 19.15.4.12.C NMAC. Upon no objection after twenty (20) days the extension is automatically granted up to one year. If a protest is received the extension is not granted and the Operator must set the case for a hearing. Ordering ¶ 21.

WHEREFORE, Civitas requests this application be automatically granted if no objection is received after twenty (20) days or, in the alternative, set for hearing before an Examiner of the Oil Conservation Division on October 9, 2025, if an objection is received, and the Division enter an order to extend the deadline to commence drilling operations for the wells until January 14, 2027.

Respectfully submitted,

/s/ Gabrielle A. Gerholt
