**SELF-AFFIRMED STATEMENT
OF RUTH PELZEL**

1. I am a Landman with E.G.L. Resources, Inc. ("E.G.L.") (OGRID No. 192373). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division ("Division") and my credentials as an expert in petroleum land matters were accepted and made a matter of record.

2. I am familiar with the land matters involved in the above-referenced case. Copies of E.G.L.'s application and proposed hearing notice are attached as **Exhibit A-1**.

3. On October 23, 2024, the Division entered Order No. R-23498 ("Order") in Case No. 24416.

4. The Order pooled all uncommitted interest in the Bone Spring formation underlying a 640-acre, more or less, standard horizontal spacing unit comprised of the W/2 of Sections 10 and 15, Township 18 South, Range 33 East, Lea County, New Mexico ("Unit") and dedicated the Unit to the Smithers 10-15 Fed Com #101H, Smithers 10-15 Fed Com #102H, Smithers 10-15 Fed Com #103H, Smithers 10-15 Fed Com #201H, and Smithers 10-15 Fed Com #203H wells ("Wells"). A copy of the Order is attached as **Exhibit A-2**.

5. The Order designated E.G.L. as the operator of the Unit and the Wells.

**E.G.L. Resources, LLC
Case No. 25626
Exhibit A**

6. The Order requires E.G.L. to commence drilling the Wells within one (1) year of the date of the Order unless an extension of time is obtained from the Division Director for good cause shown.

7. E.G.L.'s ability to commence drilling the Wells has been impacted by the need to adjust its drilling schedule to accommodate lease obligations. E.G.L. expects to commence drilling the wells in the third quarter of 2026.

8. Accordingly, E.G.L. requests a one (1) year extension of time to commence drilling the Wells.

9. Good cause exists for the requested extension.

10. E.G.L. also requests that the Division amend the Compulsory Pooling Application Checklist attached to Order No. R-23498 to correct a typographical error in the range. An amended checklist is attached as **Exhibit A-3**.

11. In my opinion, the granting of E.G.L.'s application would protect correlative rights, serve the interests of conservation, and prevent waste.

12. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

13. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date next to my electronic signature below.

**IN THE MATTER OF APPLICATION FOR
COMPULSORY POOLING SUBMITTED BY
EGL RESOURCES, INC**

**CASE NO. 24416
ORDER NO. R-23498**

ORDER

The Director of the New Mexico Oil Conservation Division (“OCD”), having heard this matter through a Hearing Examiner on August 22, 2024, and after considering the testimony, evidence, and recommendation of the Hearing and Technical Examiners, issues the following Order.

FINDINGS OF FACT

1. EGL Resources, Inc. (“Operator”) submitted an application (“Application”) to compulsory pool the uncommitted oil and gas interests within the spacing unit (“Unit”) described in Exhibit A. Operator seeks to be designated the operator of the Unit.
2. Operator will dedicate the well(s) described in Exhibit A (“Well(s)”) to the Unit.
3. Operator proposes the supervision and risk charges for the Well(s) described in Exhibit A.
4. Operator identified the owners of uncommitted interests in oil and gas minerals in the Unit and provided evidence that notice was given.
5. The Application was heard by the Hearing Examiner on the date specified above, during which Operator presented evidence through affidavits in support of the Application. No other party presented evidence at the hearing.

CONCLUSIONS OF LAW

6. OCD has jurisdiction to issue this Order pursuant to NMSA 1978, Section 70-2-17.
7. Operator is the owner of an oil and gas working interest within the Unit.
8. Operator satisfied the notice requirements for the Application and the hearing as required by 19.15.4.12 NMAC.
9. OCD satisfied the notice requirements for the hearing as required by 19.15.4.9 NMAC.
10. Operator has the right to drill the Well(s) to a common source of supply at the

**E.G.L. Resources, LLC
Case No. 25626
Exhibit A-2**

depth(s) and location(s) in the Unit described in Exhibit A.

11. The Unit contains separately owned uncommitted interests in oil and gas minerals.
12. Some of the owners of the uncommitted interests have not agreed to commit their interests to the Unit.
13. The pooling of uncommitted interests in the Unit will prevent waste and protect correlative rights, including the drilling of unnecessary wells.
14. This Order affords to the owner of an uncommitted interest the opportunity to produce his just and equitable share of the oil or gas in the pool.

ORDER

15. The uncommitted interests in the Unit are pooled as set forth in Exhibit A.
16. The Unit shall be dedicated to the Well(s) set forth in Exhibit A.
17. Operator is designated as operator of the Unit and the Well(s).
18. If the location of a well will be unorthodox under the spacing rules in effect at the time of completion, Operator shall obtain the OCD's approval for a non-standard location in accordance with 19.15.16.15(C) NMAC.
19. If the Unit is a non-standard horizontal spacing unit which has not been approved under this Order, Operator shall obtain the OCD's approval for a non-standard horizontal spacing unit in accordance with 19.15.16.15(B)(5) NMAC.
20. The Operator shall commence drilling the Well(s) within one year after the date of this Order, and complete each Well no later than one (1) year after the commencement of drilling the Well.
21. This Order shall terminate automatically if the Operator fails to comply with the preceding paragraph unless the Operator requests an extension by notifying the OCD and all parties that required notice of the original compulsory pooling application in accordance with 19.15.4.12.B and 19.15.4.12.C NMAC. Upon no objection after twenty (20) days the extension is automatically granted up to one year. If a protest is received the extension is not granted and the Operator must set the case for a hearing.
22. Operator may propose reasonable deviations from the development plan via notice to the OCD and all parties that required notice of the original compulsory pooling application in accordance with 19.15.4.12.B and 19.15.4.12.C NMAC. Upon no objection after twenty (20) days the deviation is automatically granted. If a protest is received the deviation is not granted and the Operator must set the case for a hearing.

ORDER NO. R-23498

23. The infill well requirements in 19.15.13.9 NMAC through 19.15.13.12 NMAC shall be applicable.
24. Operator shall submit each owner of an uncommitted working interest in the pool ("Pooled Working Interest") an itemized schedule of estimated costs to drill, complete, and equip the well ("Estimated Well Costs").
25. No later than thirty (30) days after Operator submits the Estimated Well Costs, the owner of a Pooled Working Interest shall elect whether to pay its share of the Estimated Well Costs or its share of the actual costs to drill, complete and equip the well ("Actual Well Costs") out of production from the well. An owner of a Pooled Working Interest who elects to pay its share of the Estimated Well Costs shall render payment to Operator no later than thirty (30) days after the expiration of the election period, and shall be liable for operating costs, but not risk charges, for the well. An owner of a Pooled Working Interest who fails to pay its share of the Estimated Well Costs or who elects to pay its share of the Actual Well Costs out of production from the well shall be considered to be a "Non-Consenting Pooled Working Interest."
26. No later than one hundred eighty (180) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the Actual Well Costs. The Actual Well Costs shall be considered to be the Reasonable Well Costs unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Reasonable Well Costs after public notice and hearing.
27. No later than sixty (60) days after the expiration of the period to file a written objection to the Actual Well Costs or OCD's order determining the Reasonable Well Costs, whichever is later, each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs shall pay to Operator its share of the Reasonable Well Costs that exceed the Estimated Well Costs, or Operator shall pay to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs its share of the Estimated Well Costs that exceed the Reasonable Well Costs.
28. The reasonable charges for supervision to drill and produce a well ("Supervision Charges") shall not exceed the rates specified in Exhibit A, provided however that the rates shall be adjusted annually pursuant to the COPAS form entitled "Accounting Procedure-Joint Operations."
29. No later than within ninety (90) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the reasonable charges for operating and maintaining the well ("Operating Charges"), provided however that Operating Charges shall not include

the Reasonable Well Costs or Supervision Charges. The Operating Charges shall be considered final unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Operating Charges after public notice and hearing.

30. Operator may withhold the following costs and charges from the share of production due to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs: (a) the proportionate share of the Supervision Charges; and (b) the proportionate share of the Operating Charges.
31. Operator may withhold the following costs and charges from the share of production due to each owner of a Non-Consenting Pooled Working Interest: (a) the proportionate share of the Reasonable Well Costs; (b) the proportionate share of the Supervision and Operating Charges; and (c) the percentage of the Reasonable Well Costs specified as the charge for risk described in Exhibit A.
32. Operator shall distribute a proportionate share of the costs and charges withheld pursuant to the preceding paragraph to each Pooled Working Interest that paid its share of the Estimated Well Costs.
33. Each year on the anniversary of this Order, and no later than ninety (90) days after each payout, Operator shall provide to each owner of a Non-Consenting Pooled Working Interest a schedule of the revenue attributable to a well and the Supervision and Operating Costs charged against that revenue.
34. Any cost or charge that is paid out of production shall be withheld only from the share due to an owner of a Pooled Working Interest. No cost or charge shall be withheld from the share due to an owner of a royalty interests. For the purpose of this Order, an unleased mineral interest shall consist of a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest.
35. Except as provided above, Operator shall hold the revenue attributable to a well that is not disbursed for any reason for the account of the person(s) entitled to the revenue as provided in the Oil and Gas Proceeds Payment Act, NMSA 1978, Sections 70-10-1 *et seq.*, and relinquish such revenue as provided in the Uniform Unclaimed Property Act, NMSA 1978, Sections 7-8A-1 *et seq.*
36. The Unit shall terminate if (a) the owners of all Pooled Working Interests reach a voluntary agreement; or (b) the well(s) drilled on the Unit are plugged and abandoned in accordance with the applicable rules. Operator shall inform OCD no later than thirty (30) days after such occurrence.
37. OCD retains jurisdiction of this matter for the entry of such orders as may be deemed necessary.

prototypical quarterback,” Stevens said of Medrano. “He is a heck of a football player. He is making big plays every game. His passing is getting better each week. He is tough for defenses to prepare for.”

The Eagles had trouble stopping the Bulldawgs’ offense, especially the run game. Las Cruces’ Daniel Amaro moved through the Eagles’ defensive line like a hot knife going through butter. The senior Bulldawg carved up the Eagles for five touchdowns and 235 yards on 27 carries.

“He is a pretty special back,” Stevens said of Las Cruces’ Amaro. “He has done that to everybody. He did that to Cleveland. He has done that to everybody he has played. He leads the state in touchdowns.”

After falling behind 14-7 with 9:47 left in the second quarter, the Eagles were driv-

ing for a possible tying score. After just missing a touchdown reception because the Eagles’ receiver was ruled to have been out of bounds, the weather delay hit with 8:09 on the clock.

“We have had three of them and we are one and two in them,” Steven said. “We did win in Parkland. We have had three weather delays, all on the road. We have not traveled and not had a weather delay.”

While delay lasted 90 minutes, Stevens didn’t want to say that was why his team lost

“I don’t like to make excuses,” the Hobbs coach said. “(Las Cruces) had to deal with it too. Both teams had to deal with it, but it did kind of go downhill from there.”

When play resumed, the Eagles ended up turning the ball over on downs.

Hobbs got one of its few defensive stops on its next

drive and then found the end zone when Medrano connected with Braddock Beaty on a 27 yard strike. However, Beaty’s PAT doinked off the goal post and was no good, leaving Hobbs down 14-13

Las Cruces quickly got back into the end zone, scoring with 27 seconds left in the half. Hobbs had a quick drive and attempted a 38-yard field goal right before the break, but the kick was no good.

That was Hobbs’ last scoring opportunity.

“The last three minutes of what was the second quarter and the first three minutes of the third quarter really turned the game upside down,” Stevens said. “Once we got behind we had to do some things and force some things to try and catch up and the game kind of got away from us.”

As for Las Cruces, the Bulldawgs found the end zone twice in the third quarter and twice in the fourth. Addition-

ally, Las Cruces was successful on a 33-yard field goal in the fourth quarter.

The Eagles did not have any issues moving the ball as Hobbs piled up 453 yards of offense. But turnovers and late down success eluded the team. Hobbs turned the ball over on downs four time

Medrano was 16-of-31 with one touchdown and 203 yards through the air. But, the Eagles’ quarterback also through an interception.

Beaty caught six passes for 118 yards and a score. Justice French (28 yards), Joshua Ortiz (29 yards), and Demarcus Hill (22 yards) combined for nine catches and 79 yards.

On the ground, Medrano had 176 yards and a score on 18 carries. Hill had

District 3-6 action at 0-1. The Eagles will now prepare to host Alamogordo on Friday at Watson Memorial Stadium at 7 p.m.

Coyotes

from PAGE 9

Josh Harris then turned the takeaway into points when he rushed for a 13-yard score. Harris connected with Landyn Cogburn on the two-point pass, giving Tatum a 16-0 lead.

Marizcal connected with Anthony Montez for a 12-yard touchdown and then scored the two-point play himself. Marizcal got two more passing TD in the second quarter when he connected with Esparza on a one-yard play and then found Montez for a 64-yard play with 35 seconds left before halftime. Montez caught the pass and then streak down the sideline for 30 yards untouched.

Tatum went into the break leading 36-0.

Lordsburg finally got into the end zone on its first drive of the second half, but the Coyotes immediately answered when Marizcal scored on a 38-yard run. Esparza got into the end zone

on the two-point run and Tatum led 44-8.

The Coyotes wouldn’t get back into the end zone until the fourth quarter, but when they did, it was Cogburn scoring on 41 yard TD reception in 4th quarter. Marizcal once against scored on the two-point play for a 52-8 lead.

The Mavericks did find the end zone one last time, scoring with 63 seconds remaining in the game.

With the win, Tatum improves to 4-1 on the season and 1-0 in district play. The Coyotes will look to continue their climb at home on Friday when they host Hagerman/Lake Arthur. Kick-off is set for 7 p.m.

“The next team above Lordsburg is Hagerman,” Reed said. “We will work on climbing the next rung.”
