

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF DEVON ENERGY PRODUCTION
COMPANY, L.P. FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO**

CASE NO. _____

APPLICATION

Pursuant to NMSA § 70-2-17, Devon Energy Production Company, L.P. (OGRID No. 6137) (“Devon” or “Applicant”) applies for an order pooling all uncommitted interests in the Wolfcamp B formation underlying a 1,112.32-acre, more or less, standard horizontal spacing unit comprised of the N/2 NW/4 and Lots 3 and 4 (NW/4 equivalent) of irregular Section 32, and the W/2 of Sections 29, 20, and 17, Township 26 South, Range 34 East, Lea County, New Mexico (“Unit”). In support of its application, Devon states the following:

1. Applicant is a working interest owner in the Unit and has the right to drill wells thereon.
2. The Unit will be dedicated to the following wells (“Wells”):
 - a. **Green Wave 17-32 Federal Com 800H** and **Green Wave 17-32 Federal Com 840H**, which will be drilled from surface hole locations in the NW/4 NW/4 (Unit D) of Section 17, to bottom hole location in Lot 4 of Section 32;
 - b. **Green Wave 17-32 Federal Com 801H** and **Green Wave 17-32 Federal Com 820H**, which will be drilled from surface hole locations in the NW/4 NW/4 (Unit D) of Section 17, to bottom hole locations in Lot 3 of Section 32; and
 - c. **Green Wave 17-32 Federal Com 821H** and **Green Wave 17-32 Federal Com 841H**, which will be drilled from surface hole locations in the NE/4 NW/4 (Unit C) of Section 17, to bottom hole locations in Lot 3 of Section 32.

3. The completed intervals of the Wells will be unorthodox.

4. Applicant seeks only to pool those uncommitted interests in the Wolfcamp B formation from a stratigraphic equivalent of approximately 13,151 ft TVD to 13,860 ft TVD, as shown on the Green Wave 20 Fed 8 (API No. 30-025-43208) well log.

5. Applicant has undertaken diligent, good faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Wells but has been unable to obtain voluntary agreements from all interest owners.

6. The pooling of uncommitted interests will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

7. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated the operator of the Wells and the Unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 9, 2026, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the Unit;
- B. Approving the Wells in the Unit;
- C. Designating Applicant as operator of the Unit and the Wells to be drilled thereon;
- D. Authorizing Applicant to recover its costs of drilling, equipping and completing the Wells;
- E. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and

- F. Imposing a 200% penalty for the risk assumed by Applicant in drilling and completing the Wells against any working interest owner who does not voluntarily participate in the drilling of the Wells.

Respectfully submitted,
