ORDER NO. R-23613-A**

APPLICATION

Catamount Energy Partners LLC (“Catamount” or “Applicant”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to (1) extend the drilling deadline under compulsory pooling Order No. R-23613, as amended, and (2) add an additional initial well to the Pooling Order. In support of its application, Catamount states:

1. On December 24, 2024, the Division entered Order No. R-23613 in Case No. 24830, which approved a non-standard 1,941.18-acre, more or less, horizontal spacing unit in the Mancos formation (Basin Mancos (Gas) [97232]) comprised of Lots 1-4, S/2 N/2 and SE/4 (All equivalent) of irregular Section 9, Lots 1-4, S/2 N/2 and S/2 (All equivalent) of irregular Sections 10 and 11, and Lots 1-4, S/2 N/2, SW/4 and NW/4 SE/4 of irregular Section 12, Township 32 North, Range 6 West, NMPM, San Juan and Rio Arriba Counties, New Mexico (the “Unit”), and pooled the uncommitted interests therein. Catamount is the designated operator under the Pooling Order and the pooled spacing unit is initially dedicated to the proposed **Miller Mesa 32-6-10 1H** (API No. Pending), **Miller Mesa 32-6-11 1H** (API No. Pending), and **NLN 32-6-9 2H** (API No. 30-045-38534).

2. On January 19, 2026, the Division issued Order No. R-23613-A in Case No. 25765 extending the period to drill the wells until December 24, 2026.

3. Good cause exists to extend the deadline to commence drilling the initial wells under the Pooling Order.

4. Under the Order, Applicant would be required to commence drilling the wells by December 24, 2026, and therefore, asks for the deadline to commence drilling the wells be extended for a year, to December 24, 2027.

5. Catamount further requests to amend the Pooling Order and add the **NLN 32-6-9 1H** (API No. Pending) to the Pooling Order as an initial well.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 9, 2026, and, after notice and hearing as required by law, the Division enter an order extending the time for Catamount to commence drilling the proposed initial wells under the Order and add the requested additional initial well to the Pooling Order.

Respectfully submitted,
