**Re: V-F Petroleum, Inc.**  
**Request for approval of one-year time extension based on satisfying terms Paragraph 26 of Order No. R-23838-A**

Dear Director Chang:

In accordance with the option and terms provided in Paragraph 26 of Order No. R-23838-A for seeking a one-year extension of the commencement date of the initial Walker wells in Case No. 25151, V-F Petroleum, Inc., (“V-F”) having satisfied the terms of said Paragraph as demonstrated by the documents provided herein, seeks approval of the one-year extension such that the new commencement deadline should now be July 7, 2027 for Order No. R-23838, which pooled the uncommitted mineral interests in the Bone Spring formation underlying a standard 400-acre, more or less, spacing unit comprised of the N/2 NW/2 of Section 35 and the N/2 N/2 of Sections 34 and 33, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico, and granted V-F operatorship of the Walker 35-34-33 State Com #224H and #234H Wells and unit.

Under Paragraph 26 of Order R-23838-A the Operator may request a one-year time extension by notifying the Oil Conservation Division (“Division” or “OCD”) and all parties that required notice of the original compulsory pooling application in accordance with 12.15.4.12.B and 19.15.4.12.C NMAC. Upon no objection after twenty (20) days from this notice letter, the extension is automatically granted, which would place the new commencement date on July 7, 2027. If a protest is received, the extension is not granted, and the Operator must set the case for hearing to seek a time-extension.

V-F provided Abadie & Schill, PC, with an updated list of owners that contained the owners at the time of original pooling hearing who still own interest plus new owners who had acquired interest by succession or assignment. See Exhibit 1 attached hereto for proof of mailing. The notice letters were mailed on May 4, 2026 (see Exhibit 2) and notice by publication was published on May 6, 2026. See Exhibit 3 attached hereto for the affidavit of publication.

Furthermore, V-F's landman has provided a self-affirmed statement attesting that names of owners and current addresses were provided to Abadie & Schill, PC, for mailing and publication (See Exhibit 4), and counsel has provided a self-affirmed statement asserting that notice letters were timely mailed and publication notice was timely published (See Exhibit 5).

Thus, V-F has satisfied to the best of its knowledge the terms of Paragraph 26 for approval of the requested time extension and therefore respectfully requests that the Oil Conservation Division issue an amendment to Order No. R-23838-A extending the drilling commencement deadline to July 7, 2027 and confirming that the extension has been approved so the existing order will remain active.

Sincerely,

Abadie & Schill, PC

Case No. 25151  
Order No. R-23838-A

Dear Interest Owners:

On July 24, 2025, V-F Petroleum, Inc., (“V-F”) received Pooling Order R-23838-A that pooled the uncommitted mineral interests in the Bone Spring formation underlying a standard 400-acre, more or less, spacing unit comprised of the N/2 NW/4 of Section 35 and the N/2 N/2 of Sections 34 and 33, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico, and granted V-F operatorship of the Walker 35-34-33 State Com #224H and #234H Wells and unit.

Under Paragraph 26 of Order R-23838-A the Operator may request a one-year time extension by notifying the Oil Conservation Division (“Division” or “OCD”) and all parties that required notice of the original compulsory pooling application in accordance with 12.15.4.12.B and 19.15.4.12.C NMAC. Upon no objection after twenty (20) days from this notice letter, the extension is automatically granted, which would place the new commencement date at July 7, 2027. If a protest is received, the extension is not granted, and the Operator must set the case for hearing to seek a time-extension.

Any objections or protest to this time-extension request should be filed in writing within twenty (20) days with the New Mexico Oil Conservation Division, 1220

**SELF-AFFIRMED STATEMENT OF JORDAN SHAW FOR TIME EXTENSION**

I, Jordan Shaw, state and affirm the following:

1. I am over the age of eighteen years and have the capacity to execute this Self-Affirmed Statement, which is based on my personal knowledge.

2. I am a Landman/Attorney with V-F Petroleum Inc. (“V-F”), and I am familiar with the subject application and the lands involved.

3. I graduated in 2009 from the Indiana University of Pennsylvania with a bachelor’s degree in Political Science, Pre-Law and graduated in 2013 from Texas Tech University, School of Law with a Juris Doctor and am licensed to practice law in the State of Texas. I have worked at V-F Petroleum Inc. for approximately four years and have been working as a Landman/Attorney for thirteen years. I have previously testified before the New Mexico Oil Conservation Division (“Division”) as an expert witness in petroleum land matters and my credentials have been accepted by the Division and made a matter of record.

4. This Self-Affirmed Statement is submitted along with other supporting documents that confirm the terms of Paragraph 26 of Order No. R-23838-A have been satisfied to the best of my knowledge and therefore V-F seeks approval of a one-year time extension for the Walker wells

**EXHIBIT  
4**

in the above-reference case and an amendment to the Order No. R-23838-A that reflects and confirms the time extension so that the new drilling commencement deadline is July 7, 2027.

5. To satisfy the terms of Paragraph 26 for a time extension, I provided the law firm of Abadie & Schill P.C. a list of names of current owners who were pooled in Case No. 25151 and who are still subject to the pooling order based on their ownership; I also included in the list the names of any new owners who have acquired interest in the pooled unit since the original hearing. This list is included in the supporting documents as Exhibit 1. In compiling these addresses, I conducted a diligent search of the public records in Eddy County, New Mexico, where the wells are located, and of phone directories and did computer searches to locate the contact information for parties entitled to notification. The parties currently subject to the pooling order are: J. Cleo Thompson and James Cleao Thomas, Jr. Oil Producers; Mizel Resources, a Trust; Northern Oil and Gas, Inc.; Marathon Oil Permian, LLC; Read & Stevens, Inc.; and Permian Resources Operating.

6. Marathon's notice letter is listed as "in transit;" however, I can confirm that Marathon has received it and Marathon does not object to the time extension as evidenced by its email attached to the supporting documents as Exhibit 6.

7. There was one letter returned to sender. This letter had been mailed to owner Curt Kneese, Landman for J. Cleo Thompson and James Cleao Thomas, Jr. Oil Producers and based on a diligent search for this address, and no other address has become available pursuant to reasonably diligent efforts to find any other address. Notice by publication in the Carlsbad Argus Newspaper was timely published to account for any contingencies regarding notice such as any addresses which could not be found.

8. The remaining owners on the mailing list, which include Penroc Oil Corporation, Fasken Oil and Ranch, Ltd., Fuel Products, Inc., Mid-Western Energy, L.L.C., Gahr Energy Company, Lodge Exploration Company, LLC, and Roy G. Barton, Sr. and Opal Barton Revocable Trust have all signed JOAs and therefore are not subject to the forced pooling order.

9. No objections have been received within twenty days since the notice letters were mailed and the notice publication was published.

10. The approval for V-F's request for a drilling time extension is in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

11. The foregoing is correct and complete to the best of my knowledge and belief.

*Signature page of Self-Affirmed Statement of Jordan Shaw:*

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in V-F's request for an extension of the drilling commencement deadline pursuant to Paragraph 26 of Order No R-23838-A in Case No. 25151 and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

Macie,

Please find attached the formal Notice that was sent out to the owners in the Order I provided you yesterday and the Certified Mailing Report showing that it was sent back on May 4, but never delivered. My Land Tech has just hand delivered a copy of Notice Letter to your office, attention to you. If you would please let me know at your earliest convenience by email if Marathon plans on objecting to this extension or not, it would be greatly appreciated. Should you have any questions or concerns, please feel free to contact me.

Thank you,
