CASE NO. 1138

APPLICATION

Comes now R. E. Jackson and makes application for an order pooling the rights and interests of all persons having the right to drill for, produce, or share in the production of oil, gas and liquid hydrocarbons, or any of them, underlying the SW/4 of Section 28, Township 29 North, Range 10 West, N.M.P.M., in the Aztec-Pictured Cliffs Gas Pool, San Juan County, New Mexico, upon such terms as may be just and reasonable, as provided by law, and in support thereof alleges:

1. That R. E. Jackson, applicant herein, is the owner and holder of oil and gas mineral leases upon and covering an undivided 5/7ths mineral interest in and to the N/2 SW/4 of said Section 28.

2. That the remaining 2/7ths undivided mineral interest, as applicant is reliably informed and believes, is held by Stanolind Oil and Gas Company, and is operated by Francis L. Harvey, P. O. Box 990, Wichita Falls, Texas, under a farmout agreement.

3. That said 2/7ths undivided mineral interest in the N/2 SW/4 of said Section 28 has been pooled with lands in the S/2 SW/4 for the formation of a 160-acre unit for the production of gas from the Aztec-Pictured Cliffs Gas Pool, as applicant is informed and believes.

4. That Francis L. Harvey, as operator, has heretofore drilled and completed for the production of gas from the Pictured Cliffs Formation his Bruington Pooled Unit Well No. 1, located 990 feet from the west line and 990 feet from the south line of

the SW/4 of said Section 28, and dedicated thereto said SW/4, as shown by the gas well plat heretofore filed with the Commission.

5. That said Francis L. Harvey, as operator of the Bruington Pooled Unit Well No. 1, has refused to pool or communitize the interest held by him with those of applicant for the formation of a standard drilling and proration unit, though requested to do so.

6. That an allowable based upon the full 160 acres comprising the SW/4 of said Section 28 has heretofore been assigned to the Bruington Pooled Unit Well No. 1.

7. That unless the interests of applicant are pooled, as requested herein, applicant and his lessors will be deprived of the opportunity to recover their just and equitable share of the oil and gas underlying their lands, and will be denied their right to recover their fair share of the reserves in the Aztec-Pictured Cliffs Gas Pool, and correlative right will not be protected.

Wherefore, applicant prays that this application be set for hearing before an examiner in Santa Fe, New Mexico, at the earliest practicable date, and that, after notice and hearing, as required by law, the Oil Conservation Commission enter its order pooling all of the interests in the SW/4 of Section 28, Township 29 North, Range 10 West, N.M.P.M., and for such other and further relief as may be just and proper.

Respectfully submitted,

having that been his name, I don't know.

DEARNEY EXAMINATION

by A. DEARNEY:

Q Would you state your name, please?

A Charles H. Dearney.

Q By whom are you employed?

A By American States Drilling Company.

Q What connection do you have with Mr. R. E. Erickson, the applicant in this case?

A I did the land and title work for him.

Q In connection with that work, Mr. Dearney, are you familiar with the application that has been filed in this case?

A Yes, sir.

Q Are you familiar with the lease ownership in connection with the southwest quarter of Section 28 in Township 22 north, Range 13 west?

A Yes, sir.

Q How did you become familiar with that?

A I was buying leases and putting together some drilling units around Bloomfield, New Mexico, and there was this acreage. They didn't have all the heirs, so I proceeded to go out and buy the rest of the heirs that Steneland didn't have.

Q Which acreage are you referring to?

A The 260 which includes the north half of the southwest quarter of 28 where the well of Thrington No. 1 is drilled.

Q You say you got leases from five of seven heirs. Was that on the entire unit?

A That is on the full 260 acres, which included the unit of

this will.

Q The exhibit you refer to the will which has will be located, what number is contained in the will, is it by name?

A The north half of the land tract.

Q What lands does that include, I mean, is it a large tract?

A The whole farm and some other lands, but I don't know what they had.

Q Have you made any check of the title to that particular acreage, Mr. Cotter?

A Yes, sir.

Q Have you examined the probate files?

A Yes, sir.

Q Have you obtained a certified copy of the decree in the estate of Katrina Elizabeth Anderson and Fano Anderson?

A Yes, sir.

Q I hand you what has been marked as Exhibit No. 1 and ask you to state if that is a certified copy?

A This is a certified copy I had made the other day at the Court House from Mrs. Dick, the County Clerk.

Q In what Court House?

A The San Juan County Court House.

Q Referring to that Exhibit, who were the heirs holding the property described, which is included within this will, Mr. Cotter?

A Well, there was Mrs. Mary Downing, a daughter, Mrs. Anna Volintine, a daughter, Leonard Anderson, Fred Anderson, Levi Anderson, and there is one that omitted from the probate which is Wallace Anderson, and that was omitted. I have at home, I didn't bring it with me, two affidavits from Levi Anderson's daughter, and another one

of the heirs, stating that before the hearing was held, they have been included in the hearing.

Q What was your name at that time?

Q Did you check on that with the other heirs?

A Yes, and then, when I found out that I had overlooked it.

Q Among those heirs, who turned their lands to Stanolind?

A Leonard, who is now dead, Leonard his son Fred Anderson who has disappeared from his original home in California, leased their lands to Stanolind.

Q From whom did you obtain leases?

A I obtained one from Anna Valentine, Mrs. Gary Downing, Mrs. McDaniel, Levi Anderson, and the widow of Wallace Anderson, who is now Mrs. Attridge.

Q Mr. Foster, I hope you that has been marked as Applicant's exhibit No. 2 through 6 inclusive, and ask you to state if those are photostatic copies of the leases?

A Yes, sir.

Q Do you have the originals of those leases with you?

A Yes, sir.

Q Are they present here in the hearing room for examination?

A Yes, sir.

MR. MANKIN: If there is no objection of the Applicant's counsel in this case, we will recess for approximately forty-five minutes until 10:30 at which time we expect Mr. Cornell might be present.

(Recess.)

Q Now, I want to ask you, did you see the affidavit No. 2?

A Yes, sir, I did. I saw it. They were the same and I saw it in the same way. I saw it in the same way as you saw it.

Q Now, I want to ask you, did you see the affidavit No. 3?

A Yes, sir, I did. I saw it. They were the same and I saw it in the same way. I saw it in the same way as you saw it.

Q What is the affidavit No. 3?

A They state that William Anderson was killed. That is the affidavit of Hans Anderson, the son, and that is the affidavit of the private proceedings.

Q By whom were the affidavits executed?

A By Mrs. Bente, who is a daughter of William Anderson, one of the other heirs.

Q Do you have that affidavit with you?

A No, sir, I do not.

Q Are you willing to file it in this case as a late exhibit?

A Yes, sir.

Q In connection with this acreage, Mr. Gatter, is there a well on the unit involved in this leasing?

A Yes, sir.

Q What is that well?

A It is the Brumington No. 1.

Q I hand you what has been marked as Applicant's Exhibits 7 through 15 inclusive, and ask you to state what these are.

A Well, one is a notice of intention to drill and the location, plat, miscellaneous report on the wells, miscellaneous well report on well, two; miscellaneous reports on well, three; and certificates of compliance and authorization to transport oil and natural

and, suppose you did not know, I would like to know, but I am not sure  
which is supposed to be the correct one.

Q What is the name of the company, sir, in 1953?

A It is 1953.

Q What is the name of the company, sir, in 1953?

Q Referring to Exhibit No. 14, which is a map, does it  
show the location of the well?

A Yes, the Oil Conservation Commission is there.

Q Are there all the instruments contained in the well No. 1?

A Yes, sir.

Q Are the Drilling No. 1? A Yes, sir.

Q Referring to Exhibit No. 15, what does that show in regard  
to dedication of acreage?

A Roy Sullivan for the southeast quarter, G. L. Drilling  
for the southwest, and Stenolind, Lessee Francis Harvey, Cement  
owner. It doesn't list the royalty owners as supposed to be filed.

Q Does that show 160 acres dedicated to the Drilling?

A Shows a full southwest quarter 160 acres.

Q Do you know when the Drilling Well No. 1 was placed on  
production?

A On November 11, 1953. It was tied on by El Paso Natural Gas  
Company.

Q Did you obtain a certificate from an employee of the Oil  
Conservation Commission?

A Yes, sir.

Q I hand you what has been marked as Applicant's Exhibit 16  
and ask you to state what that is.

A It is a letter from the supervisor of District No. 3 stating

"To whom it may concern: This is to advise that, according to records in our office, the F. L. Harvey No. 1 Drilling Well in the northwest quarter of Section 28, 27 North, 11 West, was tied into the El Paso Natural Gas Company pipeline and started producing on November 11, 1953".

Q Mr. Catter, have you personally made any effort to obtain a pooling agreement with Mr. Harvey, Francis L. Harvey?

A Yes, sir, I have made seven trips to Wichita Falls to try and straighten this out.

Q Did you have any conferences with Mr. Harvey?

A Yes, and each time I was put off.

Q Have you been able to obtain any agreement with him as to pooling?

A No, sir, I have not.

Q Has he acknowledged to you at any time that you hold lease on this land?

A Yes, sir.

MR. KELLAMEN: At this time we move the introduction in evidence of Exhibits 1 through 16 inclusive.

MR. HANKIN: Are there any objections to entering exhibits 1 through 16 in this case?

MR. KELLAMEN: Mr. Cornell hasn't had an opportunity to examine them.

MR. CORNELL: At this time I would like to enter an appearance for Francis Harvey and his associates and apologize to the Commission for being late here. I wasn't consulted about this until Sunday when I ran into Mr. Harvey and Mr. Hughes, and I told them I would try to be here at ten o'clock. I was delayed a little bit on the road.

What I can say is that here you have your client and I say that you have the exhibit.

MR. MANKIN: Would you like to look at that in the interval now?

MR. CORRELL: I would like to look that over. I wonder if we could have a little recess and let me talk to Mr. Kellahan and perhaps ten minutes, something like that.

MR. MANKIN: Is it agreeable to a ten minute recess?

MR. KELLAHAN: Yes, sir.

MR. MANKIN: We will recess for ten minutes more.

Recess.

MR. MANKIN: The Hearing will come to order.

MR. CORRELL: I have examined the exhibits and representing the respondents, offer no objection to the introduction of the exhibits, except insofar as any of them relate to the title, basic title of the leases, which we do not concede this Commission would have any jurisdiction over. At the same time, we don't object to the Commission issuing a forced pooling order. We will get together with the Complainant and I believe we will be able to work out the details of contribution and other matters and with respect to the simple order of forced communitization, we have no objection for the record.

MR. GURLEY: What do you mean the basic title?

MR. CORRELL: I understand there was a question of the heirship in the FO acres. That will be a matter of examining the abstract which I haven't seen.

MR. COOLEY: The Commission will in no way attempt to adjudicate the title.

MR. KELLAHIN: You have no objection to the Commission's order including a finding that Mr. Harvey holds leases covering 2-7 and we hold leases covering 5-7 in order to grant the order for forced pooling?

MR. CORNELL: Insofar as my information is now, I would say, no, I have no objection. I haven't seen an abstract and I would hate to make it any stronger than that.

MR. KELLAHIN: We would have no objection to the order of the Commission passing upon an adjudication of the title in this case.

MR. MANKIN: Since there was no objection to the Exhibits 1 through 16 they will be received in evidence.

MR. KELLAHIN: That is all I have of the witness.

MR. MANKIN: That will be the only witness?

CROSS EXAMINATION

By MR. MANKIN:

Q Mr. Cotter, I take it from your direct testimony which you have given, that you, as representing Mr. Jackson, have made numerous attempts to get Mr. Harvey to join in this particular unit, the pooling of this 160 acres?

A Yes, sir. I have made seven trips to Wichita Falls to try to get him to straighten it out.

Q I believe it was also your testimony as shown by an exhibit, that this well has been on production in the Aztec-Pictured Cliff Gas Pool since about November, 1953?

A Yes, sir.

Q And the title of the well is the Bruington pooled unit?

A Yes, sir.

Q Even though in essence it has not been properly pooled prior

to this time?

A. That is right.

BY MR. COOLEY:

Q. The Applicant in this case has not asked a retroactive pooling order, is that correct?

A. No.

Q. It will be effective then --

A. (interrupting) The date of our lease.

Q. No, sir, you misunderstood my question. The order of the Commission, should they deem it advisable to pool this acreage, would be effective from the date of the order. It would be pooled from that date. It would have no retroactive effect that any accounting as to proceeds of production prior to that time would have to be made, aside from any action by the Commission?

A. Yes, sir.

MR. KELLANIN: I think that calls for a legal answer.

MR. COOLEY: I was just clarifying the application. They seek a retroactive pooling order or do they seek one effective from the date of the order?

MR. KELLANIN: I believe I could answer that question. It is our position that the Commission should enter an order pooling this unit. It is further our position, whether the Commission passes on it at the present time or it is handled in some other manner, that upon the filing of the appropriate plats and the dedication of this acreage, it was in effect pooled. That would be a matter of accounting, which I think is possibly beyond the jurisdiction of the Commission. It is our position that we are seeking a pooling order. Whether the Commission enters it retroactively or

at the date that the various and other plates were filed and at the date of the order, I think that would be within the discretion of the Commission.

MR. GUNLEY: Your point is that the acreage was pooled at the 5-7 at the time that you filed the necessary documents, is that correct?

MR. WILLIAMS: That is correct.

MR. GUNLEY: You are asking for pooling of the other 2-7 acre; with it within the discretion of the Commission?

MR. WILLIAMS: The Applicant has the 5-7 which we are asking to be pooled with the remainder of the leases which includes the 2-7 in the acre of the north half and the acreage in the south half which is held under different leases.

By MR. LARKIN:

Q To continue further, Mr. Setler, then what Mr. Jackson is requesting here is that Francis Harvey as the operator of this well, did at the time he filed the necessary plat and production started in 1953, did in essence claim the acreage which he did not have, is that what you are saying?

A Yes, sir.

Q That is why you are requesting pooling at this time?

A Yes, sir.

Q Therefore the Commission, in good faith, at that time issued an allowable based on 160 acres which the Applicant or the operator at that time did not properly have?

A Yes, sir.

By MR. ITZ:

Q Is the gas well plat as shown as a photostatic copy on

Exhibit 157

A Yes, sir.

Q That is the New Mexico Oil Conservation Commission gas well plat dated January 10, 1955?

A Yes, sir.

Q Under the name of the pool does it not say "Bloomfield"?

A Yes, sir.

Q I would like to make a correction to that, that is the Aztec-Pictured Cliff Gas Pool rather than the Bloomfield-Pictured Cliff Gas Pool. Our Commission record is in error in that respect.

A It could be called the Kutz-Fulcher also.

Q It's within the limits of the Aztec-Pictured Cliffs Gas Pool as now designated by the Oil Conservation Commission?

A It is.

MR. UTZ: That is all I have.

MR. MANKIN: He was merely making photostatic copies of the records that were in our files and all he is testifying to is to what was in the files, what is the proper nomenclature is aside from what is in the exhibit.

MR. UTZ: I am not questioning his statement as to whether or not it is correct. I am merely correction the Commission's own records.

MR. MANKIN: Is there further question of the witness in this case? Do you have anything further, Mr. Cornell?

MR. CORNELL: No.

MR. KELLAHIN: That is all I have.

MR. MANKIN: If there is nothing further the witness may be excused. We will take the case under advisement.

(Witness excused.)
