TRANSCRIPT OF PROCEEDINGS

MR. PORTER: We will take up next Case 1265.

MR. CAMPBELL: If the Commission please, Jack M. Campbell, Campbell and Russell, appearing on behalf of the Applicant, R. Olsen Oil Company. I have one witness I would like to have sworn. Mr. Neville.

(Witness sworn.)

JACK T. NEVILLE

a witness, of lawful age, having been first duly sworn on oath,
testified as follows:

DIRECT EXAMINATION

By MR. CAMPBELL:

Q Will you state your name, please?

A Jack T. Neville, Treasurer, R. Olsen Oil Company, Oklahoma City.

Q Mr. Neville, in your capacity as an employee and officer of R. Olsen Oil Company, are you acquainted with the, generally with the application of R. Olsen Oil Company in connection with the northeast quarter of Section 23, Township 25 South, Range 37 East, Lea County, New Mexico?

A Yes, sir.

(R. Olsen Oil Company's Exhibit No. 1 marked for identification.)

Q Mr. Neville, is the northeast quarter of Section 23, does it now comprise a gas unit?

A It does, 160 acres.

Q Was that 160 acre gas unit communitized by agreement between the working interest owners?

A That is correct.

Q I refer you to what has been marked Exhibit -- R. Olsen Exhibit No. 1, and ask you to state whether or not as a part of that exhibit there is a copy of a communitization agreement dated August 1, 1955?

A They are.

Q Was that communitization agreement executed by all of the

working interest owners?

A That is correct.

Q Was it approved by the United States as one of the royalty owners under the tract?

A On October 26, 1956.

Q And has the communitization agreement been ratified and consented to by all of the other royalty owners under the 160 acres, with the exception of Mr. Wimberley?

A That is correct.

Q So that the unit is completely communitized except insofar as this small royalty interest of Mr. Wimberley is concerned, is that correct?

A That is right.

Q Now, also referring to Exhibit No. 1, there is attached thereto a group of letters and communications commencing November 17, 1955. Will you briefly leaf through those and refer to the dates on the letters and state generally what they are?

A First letter sent to Mr. Wimberley November 17, 1955, for his signature of approval and consent of ratification. Follow-up again made January 20, 1956. No answer was received to these two communications. Again on February 23, 1956, another letter was sent to Mr. Wimberley, regarding same; and then again in March 23, 1956, we again tried to reach Mr. Wimberley by letter. Also on September 21, 1956, we enclosed our division order covering his interest in the unit, and no communications were received from Mr.

Wimberley. Also telephone calls had been placed to him, but we were unable to contact him. Again on October 12, 1956, we forwarded again another division order for his approval; again on November 14, 1956, another letter was written. January 10, 1957, we enclosed a Texas Company division order covering his portion of the distillate produced from the gas unit, and then again a telegram was sent here February 7, 1957, requesting that he call us collect regarding the division order and consent of ratification. Again on February 14, 1957, still not having heard from Mr. Wimberley, we sent to him a registered letter, which was returned to us.

Q That letter was returned to you unclaimed, is that correct?

A Unclaimed, that is correct.

Q And with all these communications and efforts to contact him, you have not received any communication of any nature from him in connection with the communitization agreement or the division order, is that correct?

A We have received no communication from Mr. Wimberley in that regard.

Q You have forwarded to him at the address that you have for him copies of the communitization agreement and the proposed consent and ratification, have you not?

A That is correct.

MR. CAMPBELL: I believe that's all.

MR. PORTER: Anyone else have a question of Mr. Neville?

Mr. Cooley.

CROSS EXAMINATION

By MR. COOLEY:

Q Mr. Neville, does Mr. Wimberley's royalty interest extend throughout the entire northeast quarter of Section 23?

A Yes, five acres, and it's a 160 acre tract.

Q I didn't hear you.

A Five acres of 160-acre tracts.

Q His interest is divided?

MR. CAMPBELL: I can give you that information, Mr. Cooley. He owns a small interest under northwest quarter northeast quarter, .015625 interest, and he owns a similar interest under the northeast quarter northeast quarter, so he owns interest under two of the forties in the 160-acre unit. Of course, that interest, royalties from that interest are being held in suspense subject to his account.

Q Since the entire 160 acres has been dedicated to the well from the first production, R Olsen has held royalty payment in suspense?

A That is correct, Mr. Wimberley's.

Q Even though Mr. Wimberley owns no interest under the quarter quarter section?

A Only Mr. Wimberley's interest has been held in suspense.

Q Yes, but Mr. Wimberley owns no interest whatsoever under the quarter quarter section which the well is located in?

A He owns an interest under the quarter quarter section the well is located on.

DEARNLEY - MEIER & ASSOCIATES
INCORPORATED
GENERAL LAW REPORTERS
ALBUQUERQUE - SANTA FE
3-6691 2-2211

Q Would you tell me what quarter section that is located in?

A I don't believe I have the legal description of that well with me. Do you have it, Mr. Campbell? Southeast quarter of the northeast.

Q The question is, does Mr. Wimberley own the interest in the quarter quarter section in which the well is located?

A Mr. Wimberley had the interest in the quarter quarter section of which the well is located.

MR. CAMPBELL: I am the one that should correct my answer. I notice that he owns a similar interest under the southeast northeast. He owns the same interest under three of the 40-acre tracts.

MR. PORTER: Do you have any further questions, Mr. Cooley?

MR. COOLEY: One further question. It should probably be directed to Mr. Campbell. Is it understood by the Applicant that in the event that this acreage is force pooled as applied for, the forced pooling would be as of the date of the order and would have no retroactive effect whatsoever?

MR. CAMPBELL: We haven't asked for a retroactive order.

MR. COOLEY: That is all.

MR. PORTER: Anyone else? The witness may be excused.

(Witness excused.)

MR. PORTER: Anyone have anything further in this case?

MR. CAMPBELL: I would like to offer the Applicant's Exhibit No. 1 in evidence in the case.

MR. PORTER: Without objection it will be admitted. Just

the one exhibit?

MR. CAMPBELL: Yes, the two copies.

(R. Olsen Oil Company's Exhibit
No. 1 received in evidence.)

MR. PORTER: We will take the case under advisement.

TRANSCRIPT OF HEARING

MR. PORTER: Mr. Campbell, I believe you are counsel
 in Cases 1261, 62, 63, 64, and 65. Do you have a statement in
 connection with those cases?

MR. CAMPBELL: Yes, sir. As to the first four cases,
 1261, 62, 63, and 64, I represent Gulf Oil Corporation in these
 four cases, and I have been requested by Gulf and by Mr. George
 Reece of Carlsbad, attorney for Western Oil Fields, Incorporated,
 and Howell Speers of Lovington, attorney for the royalty owners
 involved in these applications, to request a continuance of those
 four cases until the July hearing. We hope that in the interim
 period, the matter will be amicably worked out, and the cases

will be dismissed, but we would like to have them remain on the docket for the July hearing.

MR. PORTER: Is there objection to the counsel's motion for continuance of cases 1261, 1262, 1263, 1264 to the regular July hearing? The cases will be continued until the July hearing.

MR. CAMPBELL: With regard to 1265, I represent R. Olsen Oil Company, and I would like to request the Commission to continue that case until the July hearing. The reason for that is, that in that particular instance, it's a situation of one out of the very large number of royalty owners cannot be located or contacted. For that reason, in order to properly maintain his royalties in suspense, this order is being requested. However, the witness for the applicant was called on an emergency trip to the east, and is not available here to testify. I wrote the Commission a letter, and pointed that out, and would like to ask that that case also be continued until the July hearing.

MR. PORTER: Without objection, case 1265 will be continued to the regular July hearing date.

DOCKET: REGULAR HEARING JULY 17, 1957

Oil Conservation Commission 9 a.m., Mabry Hall, State Capitol, Santa Fe, NM

- ALLOWABLE: (1) Consideration of the oil allowable for August, 1957.
- (2) Consideration of the allowable production of gas for August, 1957, from the seven prorated pools in Lea County, New Mexico; also consideration of the allowable production of gas from the six prorated pools in San Juan and Rio Arriba Counties, New Mexico, for August, 1957.

CASE 1275: Application of Shell Oil Company for an exception to Rule 309 of the Commission Rules and Regulations to permit the transportation of oil from the basic lease prior to measurement, and to produce more than eight wells into a central plant, and to commingle production from the participating area of the Carson Unit with production from other wells in the area. Applicant, in the above-styled cause, seeks an order authorizing off-lease measurement of oil produced from the Bisti-Lower Gallup Oil Pool and an undesignated Lower Gallup Oil Pool in Township 25 North, Range 11 West, and Township 25 North, Range 12 West, San Juan County, New Mexico, by means of an automatic custody transfer system; and to authorize the production of more than eight wells into a central testing and measuring plant and further, to authorize the commingling of non-participating area production with participating area production in the Carson Unit, with royalty payments to be calculated by means of periodic production rate tests.

CASE 1276: Application of Amerada Petroleum Corporation for an order amending Order No. R-991 insofar as said order pertains to the Bagley-Lower Pennsylvanian Gas Pool, Lea County, New Mexico. Applicant, in the above-styled cause, seeks an order amending Order No. R-991 to extend the horizontal limits of the Bagley-Lower Pennsylvanian Gas Pool to include the S/2 Section 34, Township 11 South, Range 33 East, and the NE/4 Section 3, Township 12 South, Range 33 East, Lea County, New Mexico, and to increase the size of the standard drilling unit for said pool from 160 acres to 320 acres and to enter such other rules and regulations for said pool as the Commission may deem necessary.

CASE 1277: Application of the Oil Conservation Commission at the request of Wilson Oil Company for an order establishing a new oil pool with special pool rules in the Potash-Oil Area, Lea County, New Mexico, in accordance with Section 3, Paragraph III, of Order R-111-A. Applicant, in the above-styled cause, seeks an order creating a new oil pool in the area of Wilson Oil Company's recently completed oil well located in the NE/4 NE/4 Section 21, Township 20 South, Range 34 East, Lea County, New Mexico; and for the promulgation of special pool rules to govern future drilling in said pool in order to afford adequate protection for the potash deposits in the area.

CASE 1278: In the matter of the hearing called by the Oil Conservation Commission upon its own motion to permit Roy T. Short and the Hartford Accident and Indemnity Company and all other interested parties to appear and show cause why the Roy T. Short, et al, Millard Eidson No. B-3 Well located in the SW/4 SE/4 of Section 26, Township 16 South, Range 35 East, in the Shoe Bar Area of Lea County, New Mexico, should not be ordered plugged and abandoned in accordance with the Rules and Regulations of the Oil Conservation Commission of New Mexico.

CASE 1279: In the matter of the hearing called by the Oil Conservation Commission upon its own motion to permit Roy T. Short, M. N. Hamilton, Apache Basin Oil Company, and Basin Oil Company, and all other interested parties to appear and show cause why the hole located 660 feet from the South and West lines of Section 25, Township 16 South, Range 35 East, Lea County, New Mexico, should not be ordered plugged and abandoned in accordance with the Rules and Regulations of the Oil Conservation Commission of New Mexico.

CASE 1280: Application of Sunray Mid-Continent Oil Company for an order authorizing a pilot secondary recovery project in the Bisti-Lower Gallup Oil Pool in exception to Rule 701 of the Commission Rules and Regulations. Applicant, in the above-styled cause, seeks an order authorizing it to drill and operate a well at a point five feet southeast of the northwest corner of Section 6, Township 25 North, Range 12 West, San Juan County, New Mexico, for the injection of liquified petroleum gases and dry gas into the Lower Gallup formation of the Bisti-Lower Gallup Oil Pool for the purpose of secondary recovery of oil from said pool.

CASE 1281: Application of Skelly Oil Company for approval of an unorthodox oil well location in an undesignated oil pool in Rio Arriba County, New Mexico, in exception to Rule 104 of the Commission Rules and Regulations. Applicant, in the above-styled cause, seeks an order authorizing an unorthodox oil well location in an undesignated oil pool for its Jicarilla "B" Well No. 2 located 1590 feet from the South line and 990 feet from the East line of Section 31, Township 25 North, Range 5 West, Rio Arriba County, New Mexico. Said well was projected as a gas well in accordance with the Commission gas well location rules but was found to be productive of oil.

CASE 1282: Southeastern New Mexico Nomenclature case calling for an order creating new pools and extending and deleting certain areas from existing pools in Eddy and Lea Counties, New Mexico.

(a) Create a new oil pool for Grayburg production, designated as the Teague-Grayburg Pool, and described as:

TOWNSHIP 23 SOUTH, RANGE 37 EAST

Mr. A. L. Porter
New Mexico Oil and Gas Conservation Commission
Box 2045
Hobbs, New Mexico

Dear Sir:

Attached are gas well plats of the R. Olsen Oil Company Winberley #1, which is producing from the Glorieta horizon in the Justin Pool, and is located in Section 23, Township 25 South, Range 37 East.

Negotiations for communitizing the Glorieta horizon only to form a 160-acre proration unit for our Winberley #1 have been completed and while a formal unitization agreement has not as yet been signed, all working interest owners and owners of additional acreage being contributed have given their approval to form the 160-acre unit.

We would therefore appreciate it if you would take the necessary steps to have the allowable increased effective August 1st on the basis of the 160 acres now dedicated to the well. This well has heretofore been assigned a 40-acre allowable.

We wish to further direct your attention to the fact that the 40 acres in the NW NE is being farmed out by Western Natural Gas to R. Olsen Oil Company in the Glorieta zone only. We make special mention of this in order to avoid any confusion that may exist as the result of the fact that Western Natural Gas also has this acreage dedicated in horizons above the Glorieta to another well.

Yours truly,

R. OLSEN OIL COMPANY

Dear Randall:

Please check the well file and the correspondence file to see if we have a letter or statement from Western Oil Fields to the effect that communitization has been effected on their Drinkard 5-G, 25-22-37. Our records indicate that this well was first given a 160-acre allowable August 31, 1955.

I would also like for you to make the same check on the R. Olsen Oil Company Wimberly 1-H, 23-25-37. This well was given a 40-acre allowable on January 1, 1954 and increased to 160-acres on August 1, 1955.

If you have a letter or statement of any kind from the operators showing that communitization had been effected in either of these units, please send us a copy.

Re: 88-344 Wimberley Unit
Your Title Opinion #284
NE/4 Section 23-25E-37E
Lee County, New Mexico

Campbell & Russell
J. P. White Building
Roswell, New Mexico

Gentlemen:

In line with your title opinion, division orders have been prepared and circulated by us covering the high pressure gas and distillate production from the above referenced unit.

At the time the Commitment Agreement on this unit was circulated, we received approval on the Consent and Ratification form from all the interest owners with the exception of Mr. Sam B. Wimberley. Numerous letters addressed to him were unanswered, however none of them were returned to us by the Post Office Department.

At that time you advised us it was not necessary to have Mr. Wimberley's approval and, as you know, the Commitment Agreement was submitted to the Federal Government and their approval to the formation of the unit was given.

After we received the Government's approval, division orders on the high pressure gas as prepared by us were forwarded to all owners and signed division orders were returned by all except Mr. Wimberley. Numerous follow up letters failed to get a response from him. Payout is being made to everyone except Mr. Wimberley and we are holding his interest in suspense.

After The Texas Company prepared their division order on distillate production and forwarded them to us for circulation, we obtained signed copies from all other interest owners, but again Mr. Wimberley ignored our correspondence.

In a further effort to contact Mr. Wimberley, we wired asking him to call us collect. We did not receive the telephone call, so we attempted to reach him by telephone and were advised that he was

not listed in the directory. On February 14th we wrote him again sending the letter registered-deliver to addressee only. On March 2nd the registered letter was returned to us with the notation that both the first and second notices which were left at his address were ignored. No further efforts have been made to contact Mr. Wimberley.

We would like to have your opinion as to our position in this matter and what disposition should be made of the funds accumulating to Mr. Wimberley's interest. For your information, Mr. Wimberley came under 120 of the 160-acre unit, his interest being 15 acres or .0117188 in the 160-acre unit production. Also, prior to unitization Mr. Wimberley executed our division order based on the 40-acre unit (20 HE) under which he owned 5 acres or .015625 and payments were made to him until the date of the formation of the 160-acre unit, August 1, 1955.

Dear Sir:

We are enclosing for your signature copies of our gas division order and The Texas Company's division order covering distillate production from the Winberley Unit.

Since August 1, 1955 production from the Winberley well has been on the basis of a 160-acre proration unit and we are now holding in suspense for your account the sum of \$538.04 for gas production from August 1, 1955 through December 31, 1956. If you will sign the enclosed division orders, have your signature witnessed by two individuals and return them to us, the \$538.04 which we are holding together with the money The Texas Company is holding for distillate production will be released to you. Until signed division orders are received by us, we must withhold payment to you.

Your immediate attention to this matter will be most appreciated.

Yours truly,

Dear Sir:

We would appreciate it if you would return the Consent and Ratification of the Communitization Agreement which was forwarded to you sometime ago.

Within a very short time we will have completed all the necessary instruments for the formation of this unit and abstracts will be submitted to the pipe line company for new division orders. Unless you have completed and returned the requested Consent and Ratification by that time, the interest allotted to your account will be held in suspense by the pipe line company until such time as your consent is given to the formation of this unit.

In the event you have misplaced the Consent and Ratification which was forwarded to you, we enclose a duplicate copy which we ask that you sign and return at your earliest convenience.

Re: US-344 Wimberley #1
NE/4 Section 23-25S-37E
Lea County, New Mexico

Mr. Sam D. Wimberley
1940 Elko Street
Selma, California

Dear Sir:

As the New Mexico Oil & Gas Conservation Commission's gas proration rules fix gas allowables in the Justis Pool on an acreage basis with maximum allowables granted on a spacing of one well per 160 acres, it was deemed advisable to committize the NE/4 NE/4 of Section 23-25S-37E, on which Wimberley #1 is located, with the balance of the acreage in the NE/4 of Section 23. This will enable the Wimberley #1 to receive a full allowable instead of one-quarter of the maximum gas allowable that it has been receiving in the past.

Since the SE/4 NE/4 is a Federal lease it was necessary to secure State approval on the formation of the 160 acre unit first. This has been obtained and an increase in allowable was granted effective August 1, 1955.

We are now circulating the attached Communitization Agreement together with Consent and Ratification of same setting forth that effective August 1, 1955 the Glorietta gas formation underlying the NE/4 shall be developed and operated as an entirety for gas and associated liquid hydrocarbons produced therefrom.

Although there will be a revision percentage wise in individual royalty interests occasioned by this communitization, no decrease in the actual income to the holders of individual royalty interests is anticipated since the gas and resulting distillate Wimberley #1 is permitted to produce will be increased proportionately.

For this reason it will be appreciated if you would execute one copy of the Consent and Ratification, have your signatures duly acknowledged by a Notary Public and return same to us as soon as possible. You may keep the Communitization Agreement and one copy of the Consent and Ratification for your files.

Very truly,

Gentlemen:

On October 19, 1956, the Acting Director, United States Geological Survey, approved the communitization agreement involving 40 acres of Federal land in oil and gas lease Las Cruces 033575 and 120 acres of fee land in the Monument-Jal field, Lea County, New Mexico.

The agreement communitizes all rights as to dry gas and associated liquid hydrocarbons within the vertical limits of the Justis Gas Pool in the NE 1/4 sec. 23, T. 25 S., R. 37 E., N.M.P.M., is effective as of August 1, 1955, and has been designated No. 14-08-001-3456.

Enclosed is one approved copy for your records. You are requested to furnish all interested principals with whatever evidence of this approval is deemed appropriate.

Very truly yours,

R. D. Pratt
For the Director

APPROVAL - CERTIFICATION - DETERMINATION

Pursuant to the authority vested in the Secretary of the Interior under the Act approved February 25, 1920, 41 Stat. 437, 30 U.S.C. sec. 181 et seq., as amended by the Act of August 8, 1946, 60 Stat. 950, and delegated to the Director of the Geological Survey, pursuant to Departmental Order No. 2365 of October 8, 1947, 43 CFR sec. 4.618, 12 FR 6784, I do hereby:

- A. Approve the attached communitization agreement covering the NE $\frac{1}{4}$ of Section 23, Township 25 South, Range 37 East, N.M.P.M., Lea County, New Mexico, within that interval existing in the Olsen-Winslerly Well No. 1 between the depths of 4620 feet and 4820 feet which is within the vertical limits of the Justis Gas Pool.
- B. Determine that the Federal lease or leases as to the lands committed to the attached agreement cannot be independently developed and operated in conformity with the well-spacing program established for the field or area in which said lands are located, and that consummation and approval of the agreement will be in the public interest.
- C. Certify and determine that the drilling, producing, rental, minimum royalty and royalty requirements of the Federal lease or leases committed to said agreement are hereby established, altered, changed or revoked to conform with the terms and conditions of the agreement.

COMMUNITIZATION AGREEMENT

Contract No. 14-08-001-3456

THIS AGREEMENT entered into as of the 1st day of August, 1955, by and between the parties subscribing, ratifying or consenting hereto, such parties being hereinafter referred to as "parties hereto",

W I T N E S S E T H:

WHEREAS, the Act of February 25, 1920, 41 Stat. 437, as amended by the Act of August 8, 1946, 60 Stat. 950, 30 U.S.C. Secs. 181 et seq., authorizes communitization or drilling agreements communitizing or pooling a federal oil and gas lease, or any portion thereof, with other lands, whether or not owned by the United States, when separate tracts under such federal lease cannot be independently developed and operated in conformity with an established well-spacing program for the field or area and such communitization or pooling is determined to be in the public interest; and

WHEREAS, the parties hereto desire to communitize and pool their respective mineral interests in lands subject to this agreement for the purpose of developing and producing dry gas and associated liquid hydrocarbons in accordance with the terms and conditions of this agreement:

NOW, THEREFORE, in consideration of the premises and the mutual advantages to the parties hereto, it is mutually covenanted and agreed by and between the parties hereto as follows:

1. The lands covered by this agreement (hereinafter referred to as "communitized area") are described as follows:

The Northeast Quarter (NE $\frac{1}{4}$) of Section 23, Township 25 South, Range 37 East, N.M.P.M., Lea County, New Mexico, within that interval existing in the Olsen-Wimberly Well No. 1 between the depths of 4620 feet and 4820 feet which is within the vertical limits of the Justis Gas Pool,

containing 160 acres, more or less,

and this agreement shall extend to and include only those above described depths and formation underlying said land and the dry gas and associated liquid hydrocarbons (hereinafter referred to as "communitized substances") producible from such depths and formation.

2. Attached hereto, and made a part of this agreement for all purposes, is Exhibit A designating the operator of the communitized area and showing the acreage, percentage and ownership of oil and gas interests in all lands within the communitized area, and the authorization, if any, for communitizing or pooling any patented or fee lands within the communitized area.

3. All matters of operation shall be governed by the Operator under and pursuant to the terms and provisions of this agreement. A successor operator may be designated by the owners of the working interest in the communitized area and four (4) executed copies of a designation of successor operator shall be filed with the Oil and Gas Supervisor.

4. Operator shall furnish the Secretary of the Interior, or his authorized representative, with a log and history of any well drilled on the communitized area, monthly reports of operations, statements of gas sales and royalties and such other reports as are deemed necessary to compute monthly the royalty due the United States, as specified in the applicable oil and gas operating regulations.

4A. Fair Employment. In connection with the performance of work under this agreement, the operator agrees not to discriminate against any employee or applicant for employment because of race, religion, color, or national origin. The aforesaid provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The operator agrees to post hereafter in conspicuous places, available for employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of the nondiscrimination clause.

The operator agrees to insert the foregoing provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

5. The communitized area shall be developed and operated as an entirety with the understanding and agreement between the parties hereto that all communitized substances produced therefrom shall be allocated among the leaseholds comprising said area in the proportion that the acreage interest of each leasehold bears to the entire acreage interest committed to this agreement.

6. The royalties payable on communitized substances allocated to the individual leases comprising the communitized area and the rentals provided for in said leases shall be determined and paid on the basis prescribed in each of the individual leases. Payment of rentals under the terms of leases subject to this agreement shall not be affected by this agreement except as provided for under the terms and provisions of said leases or as may herein otherwise be provided. Except as herein modified and changed, the oil and gas leases subject to this agreement shall remain in full force and effect as originally made and issued.

7. There shall be no obligation on the lessees to offset any dry gas well or wells completed at any depth or formation covered by this agreement on separate component tracts into which the communitized area is now or may hereafter be divided, nor shall any lessee be required to measure separately communitized substances by reason of the diverse ownership thereof, but the lessees hereto shall not be released from their obligation to protect said communitized area from drainage of communitized substances by a well or wells which may be drilled offsetting said area.

8. The commencement, completion, continued operation or production of a well or wells for communitized substances on the communitized area shall be construed and considered as the commencement, completion, continued operation or production on each and all of the lands within and comprising said communitized area, and operations or production pursuant to this agreement shall be deemed to be operations or production as to each lease committed hereto.

9. Production of communitized substances and disposal thereof shall be in conformity with allocation, allotments and quotas made or fixed by any duly authorized person or regulatory body under applicable Federal or State statutes. This agreement shall be subject to all applicable Federal and State laws or executive orders, rules and regulations, and no party hereto shall suffer a forfeiture or be liable in damages for failure to comply with any of the provisions of this agreement if such compliance is prevented by, or if such failure results from, compliance with any such laws, orders, rules or regulations.

10. This agreement shall be effective as of the date hereof upon execution by the necessary parties, notwithstanding the date of execution, and upon approval by the Secretary of the Interior, or his duly authorized representative, and shall remain in force and effect for a period of two (2) years and so long thereafter as communitized substances are produced from the communitized area in paying quantities; provided, that prior to production in paying quantities from the communitized area and upon fulfillment of all requirements of the Secretary of the Interior, or his duly authorized representative, with respect to any dry hole or abandoned well, this agreement may be terminated at any time by mutual agreement of the parties hereto.

11. It is agreed between the parties hereto that the Secretary of the Interior, or his duly authorized representative, shall have the right of supervision over all operations within the communitized area to the same extent and degree as provided in the oil and gas leases under which the United States of America is lessor and in the applicable oil and gas regulations of the Department of the Interior.

12. The covenants herein shall be construed to be covenants running with the land with respect to the communitized interests of the parties hereto and their successors in interest until this agreement terminates, and any grant, transfer or conveyance of any such land or interest subject hereto, whether voluntary or not, shall be and hereby is conditioned upon the assumption of all obligations hereunder by the grantee, transferee or other successor in interest, and as to Federal land shall be subject to approval by the Secretary of the Interior.

13. This agreement shall be binding upon the parties hereto and shall extend to and be binding upon their respective heirs, executors, administrators, successors and assigns.

14. This agreement may be executed in any number of counterparts, no one of which needs to be executed by all parties, or may be ratified or consented to by separate instrument, in writing, specifically referring hereto, and shall be binding upon all parties who have executed such a counterpart, ratification or consent hereto with the same force and effect as if all parties had signed the same document.

15. This agreement, particularly the provisions of paragraph 6 above, shall extend and apply to all renewals and extensions (whether by new lease or otherwise) of the respective leases mentioned in the attached Exhibit A, and to all leases which may be executed or issued in lieu of or as a substitute or exchange for any of said leases or renewals or extensions thereof.

IN WITNESS WHEREOF, the parties hereto have executed this agreement as of the day and year first above written and have set opposite their respective names the date of execution.

CALLED BY THE OIL CONSERVATION
COMMISSION OF THE STATE OF NEW
MEXICO FOR THE PURPOSE OF
CONSIDERING:**

**CASE NO. 1265
Order No. R-1025**

**APPLICATION OF R. OLSEN OIL COMPANY
FOR AN ORDER FORCE POOLING THE INTERESTS
OF ALL PERSONS WITHIN THE VERTICAL LIMITS
OF THE JUSTIS GAS POOL UNDERLYING THE NE/4
OF SECTION 23, TOWNSHIP 25 SOUTH, RANGE
37 EAST, NMPM, LEA COUNTY, NEW MEXICO.**

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on June 13, 1957, and on July 17, 1957, at Santa Fe, New Mexico, before the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission."

NOW, on this 7th day of August, 1957, the Commission, a quorum being present, having considered the application, and the evidence adduced and being fully advised in the premises,

FINDS:

- (1) That due public notice having been given as required by law, the Commission has jurisdiction of this case and the subject matter thereof.
- (2) That the applicant is the operator and owner of an interest in the Justis Gas Pool, underlying the NE/4 of Section 23, Township 25 South, Range 37 East, NMPM, Lea County, New Mexico.
- (3) That the applicant is the co-owner and operator of the R. Olsen Oil Company Wimberly No. 1 Well, located 1980 feet from the North line and 660 feet from the East line of said Section 23, which well is completed within the vertical limits of the Justis Gas Pool.
- (4) That 160-acre gas drilling and production units have been established for the Justis Gas Pool by Order R-586, dated April 11, 1955.
- (5) That all owners and royalty interests including the United States of America have entered into a communitization agreement covering the gas rights within the Justis Gas Pool underlying the NE/4 of said Section 23 with the exception of one Sam D. Wimberly, who owns a .015625 royalty interest in the N/2 NE/4 and SE/4 NE/4 of said Section 23.
- (6) That since November 17, 1955, the applicant has, on many occasions, undertaken to establish contact with the said Sam D.

CASE NO. 1265
Order No. R-1025

Wimberly in an effort to communitize all interests within the Justis Gas Pool, underlying the NE/4 of said Section 23, but that applicant has been unable to receive any response to its inquiries.

(7) That the interests of all persons within the vertical limits of the Justis Gas Pool underlying the NE/4 of said Section 23, should be compulsorily pooled in order to prevent waste and protect the correlative rights of all of said persons.

(8) That R. Olsen Oil Company should be designated as operator of the pooled unit.

IT IS THEREFORE ORDERED:

(1) That the interests of all persons within the vertical limits of the Justis Gas Pool underlying the NE/4 Section 23, Township 25 South, Range 17 East, NMPM, Lea County, New Mexico, be and the same are hereby compulsorily pooled, and that said unit be dedicated to the R. Olsen Oil Company Wimberly No. 1 Well, located 1980 feet from the North line and 660 feet from the East line of said Section 23.

(2) That R. Olsen Oil Company be and the same is hereby designated as the operator of the above-created pooled unit until further order of the Commission.

(3) That the production from the said unit be allocated the owners of each tract in the unit in the same proportion that the acreage in each tract bears to the total acreage in the unit.

Dear Mr. Porter:

Please be advised that we desire to amend our application in the captioned case to reflect in paragraph 2 that Sam D. Wimberley owns the percentage royalty interest shown under the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and E $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 23.

We will make a formal amendment for the record at the time of the hearing. This information is furnished in the event it becomes necessary in connection with publication of notice.

MEXICO.)

No. 1265

APPLICATION

COMES NOW Applicant, R. Olsen Oil Company, and states to the Commission:

1. Applicant is the operator, and the owner of an interest, underlying the NE $\frac{1}{4}$ of Section 23, Township 25 South, Range 37 East, N.M.P.M., Lea County, New Mexico, in the Justis Gas Pool. Heretofore, as of August 1, 1955, all owners of working interests underlying the captioned land within the Justis Gas Pool have entered into a Communitization Agreement, and all owners of royalty interests, including the United States of America, except Sam D. Wimberley, have ratified and approved the said Agreement.

2. Sam D. Wimberley owns a .015625 royalty interest under the NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 23.

3. Applicant has, since November 17, 1955, on many occasions, undertaken to establish contact with the said Sam D. Wimberley and has submitted to him copies of the Communitization Agreement and a Form of Consent and Ratification, but Applicant has been unable to receive any response to its attempted contacts or inquiries.

4. The royalty interest of Sam D. Wimberley will not be adversely affected by the compulsory pooling of his royalties.

5. In order to protect the correlative rights of the Applicant and avoid the drilling of unnecessary wells, it is necessary that

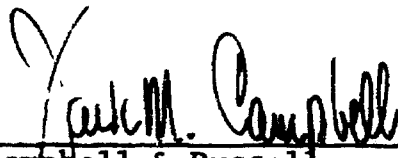

the royalty interest of Sam D. Wimberley be pooled with other interests and that the production attributable to such interest be allocated in the proportion its acreage bears to the total acreage in the communitized area.

WHEREFORE, Applicant requests that the Commission enter its Order pooling the royalty interest of Sam D. Wimberley with other interests under the captioned tract and providing that the production attributable to this interest shall be allocated in the proportion that its acreage bears to the total acreage in the communitized area.

Respectfully submitted,
