Mr. Dan Nutter  
New Mexico Oil Conservation Commission  
Santa Fe, New Mexico

Dear Mr. Nutter:

As discussed with you by telephone, this letter is to request the Commission to assign additional acreage to a wildcat well to be drilled to the Delaware formation in Eddy County, New Mexico.

Enclosed is a copy of the well location and acreage dedication plat as presently filed. The location of the well is staked for 660' from East Boundary and 428' from South Boundary in Lot 4 of Section 36, R-28-E, T-26-S, Eddy County, New Mexico. This lot contains only 26 acres. We have on farmout in addition to this Lot 4, Lots 2 and 3 as indicated in green on the attached form.

We would like to request permission to dedicate to this well Lots 3 and 4 of this section, a total of approximately fifty-two acres. If this could be granted, it would leave a clear opportunity to drill the north portions of the section on the appropriate 40-acre units. Should a field be established, we would hope that in the future, Lots 1 and 2 could be joined for the drilling of a well to the west.

Your consideration and placement of this request before the Commission is sincerely appreciated.

Yours very truly,
