Re: Case No. 2821
Application of D. W. Falls, Inc. for
extension of Order No. R-2213

Gentlemen:

This is to advise that our client, D. W. Falls, Inc., is presently attempting to conduct a deliverability test on its Federal 2-11 Well located in Unit O of Section 11, Township 28 North, Range 13 West, Basin Dakota Gas Pool, San Juan County, New Mexico, which test will not be completed until May 29, 1963.

If our client is successful in obtaining a fair and representative deliverability on this well, it will dismiss its application in the above referenced case. If, on the other hand, the well's producing characteristics are still of such an unusual nature as to make it impossible to conduct a fair and representative deliverability test thereon, our client will wish to go ahead with its application for extension of Order No. R-2213.

Accordingly, you are hereby requested to continue the hearing in Case No. 2821 from May 22, 1963 to the next regularly scheduled examiner hearing after May 29, 1963.

MR. NUTTER: We'll now call Case 2821.

MR. DURRETT: If the Examiner please, I was contacted today by Mr. Jack Cooley of Farmington, New Mexico who represents D. W. Falls, Inc. in this case. Mr. Cooley advised me over the telephone that they're still having a considerable amount of trouble in getting their well in shape to get the necessary evidence to come before the Commission, and on that basis he requested that I move that this case be dismissed and stated that he will reapply to readvertise the case at a later date if they determined they would like to come before the Commission at that time.

On that basis I move to dismiss this case.

MR. NUTTER: Case 2821 will be dismissed, and the hearing is adjourned.
