Mr. Perkins,

NMOCD has reviewed the closure request submitted by MATADOR PRODUCTION COMPANY [228937] on 03/03/2023, for 2RF-184 - BO HOWARD FACILITY ID [fVV2228737756] in D-12-21S-27E, Eddy County, New Mexico. This closure has been approved.

- Please note that according to NMAC 19.15.34.14.E. Once the operator has closed the recycling containment, the operator shall reclaim the containment's location to a safe and stable condition that blends with the surrounding undisturbed area. Topsoils and subsoils shall be replaced to their original relative positions and contoured so as to achieve erosion control, long-term stability and preservation of surface water flow patterns. The disturbed area shall then be reseeded in the first favorable growing season following closure of a recycling containment. The operator shall substantially restore the impacted surface area to the condition that existed prior to the construction of the recycling containment.
- Per NMAC 19.15.34.14.G: The re-vegetation and reclamation obligations imposed by federal, state trust land or
 tribal agencies on lands managed by those agencies shall supersede these provisions and govern the obligations
 of any operator subject to those provisions, provided that the other requirements provide equal or better
 protection of fresh water, human health, and the environment. In accordance with 19.15.34.14.H, the operator
 shall notify the division when reclamation and re-vegetation are complete.
