RE: DeSoto Springs #3 Recycling Containment and Recycling Facility  
1 RF-498  
Facility ID# fVV2234954815  
Section 5 T26S R36E, Lea County

Ameredev operating respectfully submits notification of the following:

A leak was discovered on 11/7/2023 on the primary liner of the 40K AST. The containment was drained until the location of the leak was identified. A small hole in the primary liner was noted at the 6-foot level. Since draining containment below the identified leak, leak detection was noted to be "0".

Liner repair is anticipated to be complete by end of the month, at which point the containment will be gradually refilled with close monitoring of the leak detection system.

Sincerely,

A handwritten signature in black ink that reads "Shane McNeely". The script is fluid and cursive.

Shane McNeely
