RE: Operator Transfer of Permit NM-02-020

Dear Mr. Jones,

Please find attached the Transfer of Permit application for the Centralized Surface Waste Management Facility Permit NM-02-020 formerly owned by Yates Petroleum Corporation (Yates).

EOG Resources, Inc and Yates merged in October 2016, forming EOG Y Resources, Inc for the transition period. EOG Y Resources, Inc. assumed all operatorship of former Yates permits and facilities. Following the transition period, EOG Y Resources, Inc was merged into EOG Resources, Inc. When forms were submitted to change the operator from EOG Y Resources, Inc to EOG Resources, Inc., Permit NM-02-020 was inadvertently overlooked.

EOG Resources, Inc. currently has an insurance bond that meets the requirements set forth by the State for multiple surface waste facilities (Bond No. B002461). This bond was formerly under the company name of EOG Y Resources, Inc. Attached to this letter you will find the insurance bond, as well as the insurance rider that changes the principal name from EOG Y Resources, Inc. to EOG Resources, Inc.

It is my belief that all information to complete the Transfer of Permit is enclosed in this letter. If you find anything lacking, please let me know.

Thank you for your time and attention in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Katie Jamison".

Katie Jamison
Safety & Environmental Manager
EOG Resources, Inc – Artesia Division

If the division denies the transfer request, it shall notify the operator and the proposed transferee of the denial by certified mail, return receipt requested, and either the operator or the proposed transferee may request a hearing with 10 days after receipt of the notice. Until the division approves the transfer and the required financial assurance is in place, the division shall not release the transferor's financial assurance."
