TO HAVE AND TO HOLD the Assets unto Assignee, its successors and assigns forever, subject to the terms and conditions set forth and incorporated herein.

There is hereby reserved and excepted to Assignor, its successors and assigns, an overriding royalty interest (the "Reserved ORRI") in an amount which is equal to the greater of (i) an overriding royalty interest equal to the positive difference, if any, between twenty-five percent (25%) and the aggregate percentage of lease burdens (including any royalty or overriding royalty interests, production payments and similar lease burdens, but excluding any and all royalty and overriding royalty interests assigned by Assignor to Assignee herein which shall not be considered lease burdens for purposes of this calculation), created and existing as of the date hereof, of all Hydrocarbons produced from the Assets or attributable thereto under the terms of the Leases included in such Assets or extensions or renewals thereof, to be delivered into tanks or pipelines, free and clear of all costs of development, operation, processing, dehydration, treating, gathering, marketing, compression and transportation, but subject to all ad valorem, gross production and severance taxes assessed against production allocated to Assignor's reserved interest, or (ii) an overriding royalty interest in all Hydrocarbons produced from the Assets or attributable thereto under the terms of the Leases included in the Assets or extensions or renewals thereof in an amount which yields to Assignor minimum monthly proceeds of Hydrocarbon production equal to \$40,000, net of all costs of development, operation, processing, dehydration, treating, gathering, marketing, compression and transportation and all ad valorem, gross production and severance taxes. The Reserved ORRI shall be reserved first from any overriding royalty interest assigned by Assignor to Assignee herein, and the remainder shall be reserved from the working interest. The Reserved ORRI shall be paid monthly. If the Leases cover less than the entire fee mineral interest in the Assets or if Assignor owns less than the full interest in the Leases covering the Assets (excepting only an overriding royalty interest or similar burden heretofore created), the Reserved ORRI in item (i) above shall be proportionately reduced to accord with the interest therein owned by Seller. The Reserved ORRI shall apply to the Leases, and to any extensions or renewals of any of said Leases or new lease covering any of the lands covered by the Leases taken by Assignee or its successors or assigns. The Reserved ORRI shall terminate and expire upon Assignor's actual receipt of \$1,700,000.00 in proceeds from the Reserved ORRI, net of all ad valorem, production and severance taxes. In the event Assignee sells, transfers or otherwise disposes of all or substantially all of Assignee's interests in the Assets, directly or indirectly in one or a series of transactions of any type or structure (including entity transactions), Assignee shall cause the Reserved ORRI to terminate and expire by paying to Assignor an amount equal to \$1,700,000.00 less the amounts previously received by Assignor in proceeds from the Reserved ORRI, net of all ad valorem, production and severance taxes.

This Assignment is made pursuant and subject to the terms and conditions of that certain unrecorded Purchase and Sale Agreement between Assignor and Assignee, dated April 7, 2017, as amended (the "Agreement"), the terms and conditions of which are incorporated herein by reference, and the following terms and conditions:

Assignor warrants and agrees to defend its title to the Assets against any claim by, through or under Assignor, but not otherwise, subject to Permitted Encumbrances and the terms and provisions of the Agreement. Assignee shall have the right of full substitution and subrogation in and to any and all rights and actions of warranty, which Assignor has or may have against any and all prior owners and vendors of the Assets.

In the event of a conflict between the terms and conditions of this Assignment and the Agreement, the terms and conditions of the Agreement will prevail.

Capitalized terms that are not defined herein shall have the same meaning as set forth in the Agreement.

The Exhibits to this Assignment are hereby incorporated by reference and constitute a part of this Assignment. Unless provided otherwise, all recording references in the Exhibits are to the official real property records of the county in which the applicable Asset is located.

This Assignment and Bill of Sale may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same Assignment and Bill of Sale. Separate counterparts of this Assignment may be executed for filing with government agencies to satisfy applicable statutory and regulatory requirements. Those counterparts shall be deemed to contain all of the exceptions, reservations, warranties, rights, titles, power and privileges set forth herein as fully and as though they were set forth in each such counterpart. The interests conveyed by such separate counterparts are the same, and not in addition to the Assets conveyed herein. This Assignment shall bind and inure to the benefit of Assignor and Assignee and their respective successors and assigns.
