Mr. Crabtree,

On February 21, 2024, the OCD approved a 90-day extension request to submit a revised application for Landfarm #4. The due date for the revised application submittal was May 20, 2024. Envirotech Inc. failed to submit a revised application by the due date; therefore, pursuant to 19.15.36.9.B(3) NMAC the application is denied by the OCD without prejudice.

Let me know if you have any questions. Thank you.

Joseph Kennedy

Mr. Crabtree,

Thank you for your email. Envirotech will need to restart the permitting application process, and the OCD highly recommends that you review the comments Brad Jones provided in past rejected applications when you create/develop the new application. Based on that review, please come up with your list of questions prior to a meeting with the OCD.

Thank you,
