

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE HEARING CALLED BY
THE OIL CONSERVATION DIVISION FOR THE
PURPOSE OF CONSIDERING:**

**CASE NO. 15271
ORDER NO. R-13971**

APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION ("OCD") COMPLIANCE AND ENFORCEMENT MANAGER FOR A COMPLIANCE ORDER AGAINST CANYON E & P COMPANY, FINDING THAT THE OPERATOR IS IN VIOLATION OF THE OIL AND GAS ACT, NMSA 1978, SECTIONS 70-2-1 *et seq.* AND OCD RULES, NMAC 19.15.2 *et seq.*, REQUIRING OPERATOR TO RETURN TO COMPLIANCE WITH DIVISION RULES BY A DATE CERTAIN, AND IN THE EVENT OF NON-COMPLIANCE, REQUEST FOR ADDITIONAL SANCTIONS.

ORDER OF THE DIVISION

BY THE DIVISION:

This case came on for hearing at 8:15 a.m. on March 19, 2015, at Santa Fe, New Mexico, before Examiner Phillip R. Goetze.

NOW, on this 2nd day of April, 2015, the Division Director, having considered the testimony, the record and the recommendations of the Examiner,

FINDS THAT:

- (1) Due public notice has been given, and the Division has jurisdiction of this case and of the subject matter
- (2) The Division seeks a compliance order against Canyon E & P Company ("Canyon", "Respondent", or "Operator") finding the Operator is in violation of Division Rules 19.15.5.9, 19.15.25.8, and 19.15.8.9 NMAC, as to 227 wells, requiring the shut-in of all wells until the responsible operator plugs and abandons all wells within thirty (30) days of the issuance of this order. The Division further seeks authorization to plug and abandon all the wells if the Operator fails to meet that deadline and forfeit the applicable financial assurances and recover costs from the Operator in accordance with Division Rule 19.15.8.13 NMAC.
- (3) Canyon appeared at the hearing through legal counsel but presented no evidence. Prior to hearing, counsel for Canyon filed a *Motion to Dismiss* for the portion

of the application which identified the complaint against the directors and officers, of Canyon, jointly and severally.

(4) The Division appeared at the hearing through legal counsel and presented the following testimony:

- (a) Canyon is registered under OGRID No. 269864 and Corporation No. 4201893.
- (b) The Division identified J. Michael Myers and Karen Myers as Directors and Lisa Waun as Vice President, as the officers of Canyon.
- (c) Canyon has one blanket bond on file with the Division, bond No. B005180 in the amount of \$50,000.
- (d) Canyon has 116 single well bonds, all issued by U.S. Specialty Insurance Company (see Exhibit "A").
- (e) Canyon had all authority to transport from the producing oil and gas wells revoked by the Division on October 31, 2014, for failing to report production as required by Rule 19.15.7.24 NMAC.
- (f) Canyon has made no attempt to reinstate authority to transport following the revocation.
- (g) All of Operator's 227 wells have been inactive in excess of a period of one (1) year plus 90 days, and are not plugged or abandoned, nor placed in temporary abandonment status in violation of Rule 19.15.25.8 NMAC.
- (h) Operator currently has 61 wells that require additional bonding in violation of Rule 19.15.8.9 NMAC.
- (i) Operator is out of compliance with Rule 19.15.5.9 NMAC by having 227 wells out of compliance with Rule 19.15.25.8 NMAC which allows no more than five (5) wells out of compliance for an operator with a total well number between 101 and 500.

(5) Respondent's counsel noted the bankruptcy status of the Operator and, as a result, there are liens on the assets of Canyon including the wells identified in this application.

The Division Concludes as Follows:

(6) Canyon is the operator of record for the subject wells and is responsible for compliance with the Oil and Gas Act and Division Rules.

(7) NMSA 1978, Section 70-2-14(B) provides, in relevant part, *"If any of the requirements of the Oil and Gas Act [70-2-1 NMSA 1978] or the rules promulgated pursuant to that act have not been complied with, the oil conservation division, after notice and hearing, may order any well plugged and abandoned by the operator or surety or both in accordance with division rules."*

(8) Division Rule 19.15.5.10(B) authorizes the Division to commence compliance proceedings for violation of a provision of the Oil and Gas Act, NMSA 1978, Sections 70-2-1 through 70-2-38 or a provision of a rule or order issued pursuant to the act.

(9) As established by the evidence provided at hearing, Canyon is in violation of Division Rule 19.15.25.8 NMAC, (the inactive well rule), Rule 19.15.8.9 NMAC (the financial assurance rule) and Rule 19.15.5.9 NMAC (the compliance rule).

(10) The financial status of the Operator that involves the bankruptcy proceedings is outside the authority of the Division and, therefore, is not relevant to the compliance proceedings.

IT IS THEREFORE ORDERED THAT:

(1) All 227 wells operated by Canyon E & P Company ("Canyon" or "Operator"), including wells with injection authority under Division Rule 19.15.26 NMAC, are hereby ordered to be immediately shut-in (see Exhibit "A").

(2) Canyon shall plug and abandon all wells within thirty (30) days of the issuance date of this order.

(3) If Canyon fails to comply, the operator shall be found in violation of this order pursuant to Division Rule 19.15.5.11 NMAC.

(4) If after thirty (30) days the Operator has not commenced the work described in Ordering Paragraph (2), Canyon shall be in violation of this order and the Division shall be authorized:

- (a) to plug and abandon the subject wells that are out of compliance with Division Rules;
- (b) to restore and remediate the well locations;
- (c) to direct forfeiture of the applicable financial assurances of the Operator;
- (d) to recover costs from the Operator in accordance with Division Rule 19.15.8.13 NMAC; and
- (e) to have opportunity to seek indemnification from the Operator as provided in NMSA 1978, Section 70-2-14(E) if there are not

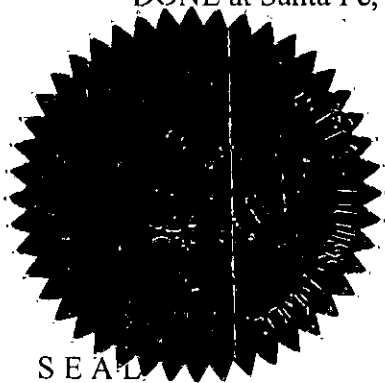

sufficient funds to cover all costs the Division incurs plugging and abandoning the well and restoring and remediating the well locations.

(5) Notwithstanding Ordering Paragraphs (1) through (4), Canyon shall have sixty (60) days to plug or transfer the twenty-nine (29) wells in the Twin Lakes San Andres Unit (Property Code 308697; see List ID No. 197 through No. 225 of Exhibit "A") before they are determined to be abandoned.

(6) The Respondent's *Motion to Dismiss* the complaint against the directors, and officers, of Canyon, jointly and severally, since Applicant made no allegations against these parties in the original application, is hereby granted.

(7) Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
