BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

ORDER NO. AG-N-22-C

SUPPLEMENTARY GAS PRORATION ORDER FOR THE MONTH
OF APRIL, 1966

The Commission held public hearing at Santa Fe, New Mexico, on March 16, 1966, at 9 a. m., pursuant to legal notice, for the purpose of setting the allowable production of gas from the following nine gas pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, for the month of April, 1966.

Blanco-Mesaverde, Basin-Dakota, Aztec-Pictured Cliffs,
Ballard-Pictured Cliffs, South Blanco-Pictured Cliffs,
Fulcher Kutz-Pictured Cliffs, West Kutz-Pictured Cliffs,
Tapacito-Pictured Cliffs, and Devils Fork-Gallup

NOW, on this 17th day of March, 1966, the Commission, a quorum being present, having considered the supplementary nominations of purchasers, the capacity of producing wells, and being otherwise fully advised in the premises,

FINDS:

(1) That the total nomination of purchasers of gas produced from the above-listed nine gas pools for the month of April, 1966, is 40,028,979 MCF. The individual pool nominations, which total 40,028,979 MCF, are as follows:

| | |
|------------------------------|----------------|
| Blanco-Mesaverde | 14,089,800 MCF |
| Basin-Dakota | 18,948,700 MCF |
| Aztec-Pictured Cliffs | 820,000 MCF |
| Ballard-Pictured Cliffs | 899,200 MCF |
| South Blanco-Pictured Cliffs | 3,170,900 MCF |
| Fulcher Kutz-Pictured Cliffs | 358,600 MCF |
| West Kutz-Pictured Cliffs | 282,100 MCF |
| Tapacito-Pictured Cliffs | 1,311,200 MCF |
| Devils Fork-Gallup | 148,479 MCF |

(2) That the potential producing capacity of all gas wells in the nine gas pools listed above is in excess of the nominations of purchasers of gas, and in order to prevent waste and protect correlative rights, the production of gas from the above-listed nine gas pools should be limited, allocated, and distributed during the month of April, 1966.

(3) That all the producing gas wells, together with the expected completed or recompleted wells in the nine gas pools listed above, can produce a total of 40,028,979 MCF without causing waste during the month of April, 1966, and an allocation based upon such production would be reasonable and would protect correlative rights.

IT IS THEREFORE ORDERED:

(1) That for the month of April, 1966, the allowable production to be assigned the nine allocated gas pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, is as follows:

| | |
|------------------------------|----------------|
| Blanco-Mesaverde | 14,089,800 MCF |
| Basin-Dakota | 18,948,700 MCF |
| Aztec-Pictured Cliffs | 820,000 MCF |
| Ballard-Pictured Cliffs | 899,200 MCF |
| South Blanco-Pictured Cliffs | 3,170,900 MCF |
| Fulcher Kutz-Pictured Cliffs | 358,600 MCF |
| West Kutz-Pictured Cliffs | 282,100 MCF |
| Tapacito-Pictured Cliffs | 1,311,200 MCF |
| Devils Fork-Gallup | 148,479 MCF |

(2) That the allocation hereby set for the month of April, 1966, in the nine allocated pools in San Juan, Rio Arriba, and Sandoval Counties, New Mexico, shall be in accordance with the Commission's Rules, Regulations, and Orders.

(3) That a proration schedule, duly prepared by the Commission and thereafter adopted for the month of April, 1966, is hereto attached and made a part hereof; it distributes and allocates the allowable production among the gas wells in the nine gas pools listed above for the period stated, in accordance with the Commission's Rules, Regulations, and Orders.

The foregoing order shall remain effective until further order of the Commission.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
