| Steps and Actions to Prevent Waste | |
| For this event, the operator could not have reasonably anticipated the current event and it was beyond the operator's control. | True |
| Please explain reason for why this event was beyond your operator's control | Lucid Energy, our midstream provider, saw numerous gas compressor stations go down across the LEA field. Due to this Tap Rock flare numbers spiked larger than regulated volumes. Once Lucid can solve their issue, Tap Rock should see normal operations. No timetable has been given to fix this issue. |
