Was this a major release as defined by	If YES, for what reason(s) does the respon	nsible party consider this a major release?
19.15.29.7(A) NMAC?		
, ,		
Yes No		
IENEC i li-t-	diseries and OCDS D. I. S. T. I	0 WI
ir YES, was immediate no	otice given to the OCD? By whom? To wh	nom? When and by what means (phone, email, etc)?
	Initial Ro	esponse
The responsible p	party must undertake the following actions immediatel	y unless they could create a safety hazard that would result in injury
☐ The source of the rele	ase has been stopped.	
☐ The impacted area has	s been secured to protect human health and	the environment.
Released materials ha	ve been contained via the use of berms or d	likes, absorbent pads, or other containment devices.
All free liquids and re	coverable materials have been removed and	d managed appropriately.
If all the actions described	l above have <u>not</u> been undertaken, explain v	why:
Per 19.15.29.8 B. (4) NM.	AC the responsible party may commence re	emediation immediately after discovery of a release. If remediation
within a lined containmen	t area (see 19.15.29.11(A)(5)(a) NMAC), p	efforts have been successfully completed or if the release occurred lease attach all information needed for closure evaluation.
		pest of my knowledge and understand that pursuant to OCD rules and
regulations all operators are r	equired to report and/or file certain release notif	fications and perform corrective actions for releases which may endanger
failed to adequately investiga	te and remediate contamination that pose a thre	CD does not relieve the operator of liability should their operations have at to groundwater, surface water, human health or the environment. In
addition, OCD acceptance of and/or regulations.	a C-141 report does not relieve the operator of	responsibility for compliance with any other federal, state, or local laws
