DEFINITIONS

For the sake of brevity and completeness, please allow for the following in all groups of questions and for the rest of this application:

- this application's operator, hereinafter "this operator";
- venting and/or flaring, hereinafter "vent or flare";
- any notification or report(s) of the C-129 form family, hereinafter "any C-129 forms";
- the statements in (and/or attached to) this, hereinafter "the statements in this";
- and the past tense will be used in lieu of mixed past/present tense questions and statements.

**QUESTIONS**

| Date(s) and Time(s)                            |            |
|------------------------------------------------|------------|
| Date vent or flare was discovered or commenced | 06/10/2023 |
| Time vent or flare was discovered or commenced | 12:00 AM   |
| Time vent or flare was terminated              | 11:59 PM   |
| Cumulative hours during this event             | 24         |

| Measured or Estimated Volume of Vented or Flared Natural Gas              |                                                                                                                      |
|---------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Natural Gas Vented (Mcf) Details                                          | Not answered.                                                                                                        |
| Natural Gas Flared (Mcf) Details                                          | Cause: Equipment Failure   Producing Well   Natural Gas Flared   Released: 85 Mcf   Recovered: 0 Mcf   Lost: 85 Mcf. |
| Other Released Details                                                    | Not answered.                                                                                                        |
| Additional details for Measured or Estimated Volume(s). Please specify    | Not answered.                                                                                                        |
| Is this a gas only submission (i.e. only significant Mcf values reported) | Yes, according to supplied volumes this appears to be a "gas only" report.                                           |

| Venting or Flaring Resulting from Downstream Activity             |                                       |
|-------------------------------------------------------------------|---------------------------------------|
| Was this vent or flare a result of downstream activity            | Yes                                   |
| Was notification of downstream activity received by this operator | No                                    |
| Downstream OGRID that should have notified this operator          | [221115] FRONTIER FIELD SERVICES, LLC |
| Date notified of downstream activity requiring this vent or flare | Not answered.                         |
| Time notified of downstream activity requiring this vent or flare | Not answered.                         |

| Steps and Actions to Prevent Waste                                                                                               |                                    |
|----------------------------------------------------------------------------------------------------------------------------------|------------------------------------|
| For this event, this operator could not have reasonably anticipated the current event and it was beyond this operator's control. | True                               |
| Please explain reason for why this event was beyond this operator's control                                                      | Pipeline ruptured.                 |
| Steps taken to limit the duration and magnitude of vent or flare                                                                 | In process of setting compressors. |
| Corrective actions taken to eliminate the cause and reoccurrence of vent or flare                                                | In process of setting compressors. |
