Was this a major release as defined by 19.15.29.7(A) NMAC?  ☐ Yes ☒ No  If YES, was immediate not	If YES, for what reason(s) does the responsible party consider this a major release?  otice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)?
	Initial Response
The responsible	party must undertake the following actions immediately unless they could create a safety hazard that would result in injury
Released materials ha	ease has been stopped.  Is been secured to protect human health and the environment.  It been contained via the use of berms or dikes, absorbent pads, or other containment devices.  Recoverable materials have been removed and managed appropriately.
Per 19.15.29.8 B. (4) NM	AC the responsible party may commence remediation immediately after discovery of a release. If remediation a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred
within a lined containmer  I hereby certify that the info regulations all operators are public health or the environs failed to adequately investig	at area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.  Transition given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and required to report and/or file certain release notifications and perform corrective actions for releases which may endanger ment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have ate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In f a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws
