DPHILLIPS	Additional bonding applies for 30-015-22545.	7/7/2008
DPHILLIPS	I have the additional bonding required on the change of operator and you are okay on Financial Assurance report, however, you are in violation of Rule 40 and will have to contact Sonny Swazo at 505-476-3463. When this matter is resolved, resubmit your permit for my approval. Questions? Call me at 505-476-3461. Dorothy Phillips	7/30/2008
JProuty	This permit is being rejected because the C-145 is one document that cannot be signed by an agent. If this exception has already been approved by someone at OCD, please resubmit the permit and let me know. Otherwise, please re-print the C-145 and have it signed by someone with Texas Independent Exploration LP. Also, we usually do not accept operator changes that are ten months retroactive. Please change the effective date to a more recent date, such as October 1, 2008, or provide an explanation regarding why the C-145 was not faxed to the OCD until September 29 when the transfer is effecti	10/2/2008
JProuty	On 10/8/2008, the OCD changed a well completion for 30-015-22545 in pool 73800 to be active (it was plugged). This results in a transaction after the effective date of the operator change, which causes problems. Carmen will check into this when she returns. We're sorry for the delay.	10/9/2008
