DPHILLIPS	Please contact Sonny Swazo at 505-476-3463 regarding issues that will not permit me to approve the change of operator until I get clearance from him. Thank you.	2/19/2010
DPHILLIPS	Sonny Swazo still has this on hold and I am not to allow transfer until he confirms.OCD inspectors will be inspecting the wells to see if there are any issues that require an agreed compliance order in order for the transfer to be approved by OCD. The transfer will not be approved at this time.	6/18/2010
DPHILLIPS	Sonny Swazo said to go ahead and allow the change of operator to go through.	7/19/2010
JProuty	The C-145 was generated on 12/8/2009, so it is the older version. I will accept this since the permit was created then. Dennis Langlitz stopped sending in C-115s after 7/2009; the wells were producing a little up until then so we have probably missed some production.	7/30/2010
