Permit Comments

Operator: COG PRODUCTION, LLC , 217955 Well: TRISTE DRAW 5 STATE #002H

API: 30-025-40581

Created By	Comment	Comment Date
matyereyes	OIL: COG Operating has conducted a review to determine if an H2S contingency plan is required for the above referenced well. We were able to conclude that any potential hazardous volume would be minimal. H2S concentrations of wells in this area from surface to TD are low enough; therefore we do not believe that an H2S Contingency Plan would be necessary.	5/21/2012
