Federal 17-32 #1 is located on fee surface with federal minerals. Attached are documents supporting the request of the private surface owner to have a below-ground P&A plate instead of the above ground marker. Included in the documents are an affidavit from the private surface owner requesting the below-ground plate, a picture of the below-ground plate, and an aerial view of the site. A current C-102 Well Location & Acreage Plat was submitted separately.

I, Jason C. Edwards, am the current surface owner of Edwards Ranch in Llaves, NM. I own the property on which the BMG Federal 17-32 #1 well-site is situated on. Due to the fact the pad is located in an agricultural area of my Ranch I strongly advise the abandoned well be marked with a below ground P&A marker instead of the traditional 4" stand pipe.

Thank You.
