Re: Notification and Verification of a Standard Well Location for the Brown Bear 36  
State 302H (30-025-50793), Sec 9, T25S, R33E, Lea County, NM

Dear Mr. Lowe:

Included with this letter are the following documents demonstrating that the above referenced well will be drilled at a standard oil well location:

- C-102 Plat dated November 9, 2022, showing the proposed location of the Brown Bear 6 State 302H, respectively;
- "Area of Common Ownership Plat" separately showing the spacing units for the well; and
- Certification of Ownership demonstrating the outlined area on the plat is comprised of two state leases, with uniform ownership.

19.15.16.15.C(7) NMAC provides that in area of common ownership (here, two state leases) the setback requirements only apply to the outer boundary of the area of uniform ownership, not the spacing unit within the area of uniform ownership. Since the area to the east towards which this well encroaches is within the documented "area of common ownership," this well is at a standard location and approval of a non-standard location for the well is not necessary.

Please place this Notification and Verification of a Standard Well Location in the well files for Brown Bear 36 State 302H (30-025-50793).

Respectfully submitted,

*Lisa Youngblood*
