

## Surface Reclamation Complete Report

**Well Name:** GATO LOCO BFT COM #001

**API:** 30-041-20912

**Well Location:** I-31-08S-34E

**Surface Owner:** SHANNON KIZER

**Reclamation Complete Date:** 2/28/23

**Total Acres reclaimed:** 3.50

**Seed Mix:**

Mix	Species	lb/acre (Drilled)	lb/acre (Broadcast)
Kiser Mix (5/20/2022)	Sideoats Grama	4.5	9.0
"	Blue Grama	2.5	5.0

Weights should be as pounds of pure live seed.

Note:

EOG will conduct an annual surface reclamation monitoring field visit in 2024 to determine if successful vegetation regrowth is established.

Thank you Jennifer! If there are any questions please let me know.

Nikki/Diane please see Jennifer's email below. If these meters are active please move forward with TA. I can have Alfredo pull the meters if need be.

K'Lee, please add these locations below to our list of meter run removals.

**Subject:** [EXTERNAL] Measurement Equipment Removal - additional locations

**CAUTION:** This email originated from outside of Targa. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning Alex,

I've 4 additional locations that have been or are being P&A that need to have Targa meters removed.

They are as follows:

Rokesmith BDI State Com #1: 33.3923569,-103.475029

Mattea BFA State #1: 33.398571,-103.4379272

Hummingbird ADM State #1: 32.9381714,-103.2655716, quick note on this one: EOG sold this well effective 5/2021 but took it back over effective 6/2022.

Kemnitz South AFL State #1: 32.8730278,-103.5981293, quick note on this one: EOG sold this well effective 5/2021 but took it back over effective 6/2022. Also, my field production technician that has

been working on decommissioning this location indicated that the meter # is unreadable but the line

on the downstream side of the meter run has been marked so he was able to tell it's a Targa meter.

Please let me know if you have any questions.

Have a great weekend!!!

Jen

Alex,

below would be the priority that these are needing to be removed in. The sooner the better to prevent any reclamation issues. Thanks for your assistance in this, please let me know if you have any questions Thanks.

George, according to ROW we don't need to remove out down leg at any of these sites but we can remove the measurement equipment. I can not at this time give you any kind of time frame of when

this will happen. If you could send me a list of the higher priority leases for you. Then I can possibly squeeze in our crew between other maintenance projects. Just let me know. Thanks

George, can you send me some GPS points? We have a couple thousand meter runs and its just easier to locate them with a GPS. I've also CC'd our ROW department to check any removal requirements listed in our easements. Thanks

Good morning gentlemen, I wanted to see if we could get the following locations measurement equipment removed as soon as possible. The wells have been plugged and are scheduled for reclamation. So it's imperative that we remove the equipment in a timely manner. Thanks for your help any questions please reach out to me. 575-703-0497

	Action Type: [C-103] Sub. Release After P&A (C-103Q)

**QUESTIONS**

Subsequent Report of: Location Ready For OCD Inspection After P&A	
Was this the last remaining or only well on the location	Yes
Are there any abandoned pipelines that are going to remain on the location	No
Is there any production equipment or structure (not including steel marker, poured onsite concrete bases, or pipelines) that is going to remain on the location	Yes
If any production equipment or structure is to remain on the location, please specify	3rd party riser. Buried dry hole marker.

**Site Evaluation**

Please answer all the questions in this group.

Have all the required pits been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan	Yes
Have the rat hole and cellar been filled and leveled	Yes
Have the cathodic protection holes been properly abandoned	Yes
Has a steel marker, at least 4 inches in diameter and at least 4 feet above ground level, been set in concrete	Not answered.
The (concrete-set) steel marker shows: Must attach marker photograph(s). *	<b>THE OPERATOR NAME, LEASE NAME AND WELL NUMBER AND LOCATION, INCLUDING UNIT LETTER, SECTION, TOWNSHIP AND RANGE, SHALL BE WELDED, STAMPED OR OTHERWISE PERMANENTLY ENGRAVED INTO THE MARKER'S METAL.</b>
Has the location been leveled as nearly as possible to original ground contour	Yes
Have all the required pipelines and other production equipment been cleared	Yes
Has all the required junk and trash been cleared from the location	Yes
Have all the required anchors, dead men, tie downs and risers have been cut off at least two feet below ground level	Yes
Have all the required metal bolts and other materials have been removed	Yes
<b>Poured onsite concrete bases do not have to be removed.</b>	
Have all the the required portable bases been removed	Yes
Have all other environmental concerns have been addressed as per OCD rules	Yes
If any environmental concerns remain on the location, please specify	Not answered.

\* Proof of the site marker (photograph) is required.

Please submit any other site photographs that would assist in documenting the above answers, site features, additional concerns, or other nearby / remaing structures and equipment.
