Thank you Jennifer! If there are any questions please let me know.

Nikki/Diane please see Jennifer's email below. If these meters are active please move forward with TA. I can have Alfredo pull the meters if need be.

K'Lee, please add these locations below to our list of meter run removals.

Subject: [EXTERNAL] Measurement Equipment Removal - additional locations

CAUTION: This email originated from outside of Targa. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning Alex,

I've 4 additional locations that have been or are being P&A that need to have Targa meters removed. They are as follows:

Rokesmith BDI State Com #1: 33.3923569,-103.475029

Mattea BFA State #1: 33.398571,-103.4379272

Hummingbird ADM State #1: 32.9381714,-103.2655716, quick note on this one: EOG sold this well effective 5/2021 but took it back over effective 6/2022.

Kemnitz South AFL State #1: 32.8730278,-103.5981293, quick note on this one: EOG sold this well effective 5/2021 but took it back over effective 6/2022. Also, my field production technician that has been working on decommissioning this location indicated that the meter # is unreadable but the line on the downstream side of the meter run has been marked so he was able to tell it's a Targa meter.

Please let me know if you have any questions.

Have a great weekend!!!

Jen

Morning Jennifer, we have removed and ATD' d each of the actual meters on location. We have not removed any of the physical meter runs. Our tracking list for removal has been updated and our crew(s) will get to each of them as they come up on the list.

George, according to ROW we don't need to remove out down leg at any of these sites but we can remove the measurement equipment. I can not at this time give you any kind of time frame of when this will happen. If you could send me a list of the higher priority leases for you. Then I can possibly squeeze in our crew between other maintenance projects. Just let me know. Thanks

Good afternoon Jennifer,

While I was looking at some of the well sites I noticed that another site for EOG was possibly in the process of being taken down and reclaimed as well. It shows in our system as the JUDSON2. It has been disconnected already and the account number was 46116194 and the meter number 36985. The GPS point is 33.41266 -103.43251. It is to the north of the Mattea BFA State #1. Do you want me to retire our service to that well as well so y'all can finish reclaiming that site as well?

Thank you

Good Morning Nathan,

There was one location that I inadvertently left off my list of Leaco meters and/or power poles. Would you please check on the following:

Merle BOG State #7: API #30-025-37979, P&A date 7/13/2022. I requested removal of meter/poles on 7/18/2022. The Leaco meter # was 39155 and the GPS coordinates are 33.4453201,-103.4314117.

I apologize for the omission.

Please let me know if you have any questions.

Thank you,

Good morning Jennifer,

I was looking at these locations and fortunately most of these already have retirement work orders attached to them or they have been retired already. I have questions about some of them though. The Hummingbird ADM State #1 account with the meter #57590 is under the company "Roughhouse Operating" in our system and it is disconnected, but has not been retired in the field. Is that company owned by EOG or did y'all recently purchase that well? I just need some background on that one before I can retire it. Also, do you have GPS coordinates for the Kemnitz South AFL #1, Maljamar Well #1, and Maljamar Well #5? Those meter numbers have been retired so I cannot locate them on our maps anymore, but I need to make sure the rest of our equipment has been retired at these locations as well.

Thank you,

Subject: EOG Plugged Locations with Leaco Meters & Poles

Hi John,

EOG Resources, Inc. has plugged several locations in accordance with NMOCD regulations. Your company has meters and or poles remaining on or near location that serviced these wells in which the subject equipment is under your responsibility to remove when you deem appropriate. The locations are as follows:

Tenneco SWD #1: API #30-025-25762, P&A date 7/11/2022 **Leaco meter #72422**
Lovelady SWD #1: API #30-005-20474, P&A date 6/29/2022 **Leaco meter #61176**

Abby BLF State #1: API #30-025-38951, P&A date 5/23/2022 Leaco meter #60433
Mattea BFA State #1: API #30-025-36867, P&A date 6/15/2022 Leaco meter #57514
Hummingbird ADM State #1: API #30-025-29503, P&A date 7/29/2022 Leaco meter #57590
Kemnitz South AFL State #1: API #30-025-31636 P&A date 7/20/2022 Leaco meter #46322
Dwight AZI State #1: API #30-025-00004, P&A date 3/25/2022 unable to pull a meter # from our accounting system. GPS coordinates are 33.52783,-103.65378
Maljamar Fresh Water System: there are no API's for the wells behind this system but I can send the legals or whatever you might need to identify this system. The wells behind it are Water Wells #1, #3, #5, #6, #7, #8, #9, & #10
Maljamar Well #1: Leaco Meter #70598
Maljamar Well #3: GPS coordinates 32.870391, -103.677481
Maljamar Well #5: Leaco Meter #63261
Maljamar Well #6: GPS coordinates 32.899186, -103.719432
Maljamar Well #7: GPS coordinates 32.869184, -103.709295
Maljamar Well #8: GPS coordinates 32.884660, -103.659132
Maljamar Well #9: GPS coordinates 32.871362, -103.660316
Maljamar Well #10: GPS coordinates 32.899652, -103.643090

Can you please respond to this email advising the subject equipment is yours and that you are responsible for the removal.

Many thanks,
Jennifer
