Conditions of Approval (if any)

Travis Gillentine
22 RD 3100
Aztec, NM 87410

July 22, 2024

Walsh Engineering & Production Corporation
332 RD 3100
Aztec, NM 87410

Walsh Engineering & Production Corporation on behalf of Manana Gas Inc is scheduled to plug and abandon the Mary Ackroyd #001 (30-045-23426), located at NWSE, Section 18 T30N R11W. The Mary Ackroyd #002 (30-045-23555) was plugged January 18, 2002, and is next to Mary Ackroyd #001. The Surface and mineral owner belongs to Travis Gillentine. The operator may use a below ground plugged and abandonment marker only with the written approval from New Mexico Oil Conservation Division (NMOCD) since an above ground marker would interfere with agricultural endeavors per 19.15.25.10 (C). The below ground marker shall have a steel plate welded onto the abandoned well's surface and shall be at least three feet below the ground surface and of sufficient size so that all the information per 19.15.16.8 NMAC requires can be stenciled into the steel or welded onto the steel plate's surface. A picture of the below grader marker is required.

I, Travis Gillentine (Travis Gillentine), request for Walsh Engineering & Production Corporation on behalf of Manana Gas Inc., to set a below ground plugged and abandonment marker at Mary Ackroyd #001 and remove the above ground marker at Mary Ackroyd #002 to replace with a below ground marker.
