Subject: Additional Condition of Approval (COA) for Permit to Drill for Canyonlands State 2 Com 402H, API 30-025-54744
Date: Friday, June 13, 2025 10:12:00 AM

To whom it may concern,

The intent of this correspondence is to add an additional condition of approval for the proposed Canyonlands 2 State Com 402H well, API # 30-025-54744, to be located in Section 2 of 24S 34E in Lea County, New Mexico.

As the proposed spacing unit has non-standard spacing, this well, and those within the unit, will require an administrative order for a non-standard spacing unit prior to production.

Respectfully,

Jeff Harrison
