--	--	--	--

13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

MorningStar Operating requests a TA Status Extension. Approved TA Status expires 4/1/2026. In support of an Extension, attached are a passing MIT and current WBD.

A 2-yr extension is requested as a C-108 (pSYS2601549798 [WFX-1066]) has been submitted to convert the well to injection and is pending approval. The 2-yr extension would allow for OCD approval time and well work completion.

MIT Start: 600 psi, End 585 psi.

Must submit Casing Inspection Log by 2/1/27
Must submit CBL by 2/1/27

Well must be on production or P&A by 2/22/27

API# 30-025-28053

A Mechanical Integrity Test (M.I.T.) was performed on, Well STATE 35 UNIT #005

 M.I.T. is **successful**, the original chart has been retained by the Operator on site. Submit a **legible** scan of the chart with an attached **Original C-103Z Form** indicating reason for the test. A scanned image will appear on line via NMOCD website.

 M.I.T. is **unsuccessful**, the original chart is returned to the Operator. Repairs will be made; Operator is to schedule for a re-test within a 90-day period. If this is a test of a repaired well currently in non-compliance, all dates and requirements of the original are still in effect.

No expectation of extension should be construed because of this test.

X **M.I.T. for Temporary Abandonment**, shall include a detailed description on **Form C-103**, including the location of the CIBP and any other tubular goods in the well including the Operator's request for TA status timeline.

 M.I.T. is **successful**, after the secondary request of a scheduled M.I.T. is performed. Therefore, Operator has within a 30-day period from the M.I.T. to submit a current C-103 along with a legible scan of the Chart, including a detailed description of the repair(s). **Only after receipt of the C-103 will the non-compliance be closed.**

 M.I.T. is **successful**, Initial of an injection well, you must submit a **form C-103** to NMOCD within 30 days. A **C-103 form** must include a detailed description of the work performed on this well Including the position of the packer, tubing Information, the date of first Injection, the tubing pressure and Injection volume.

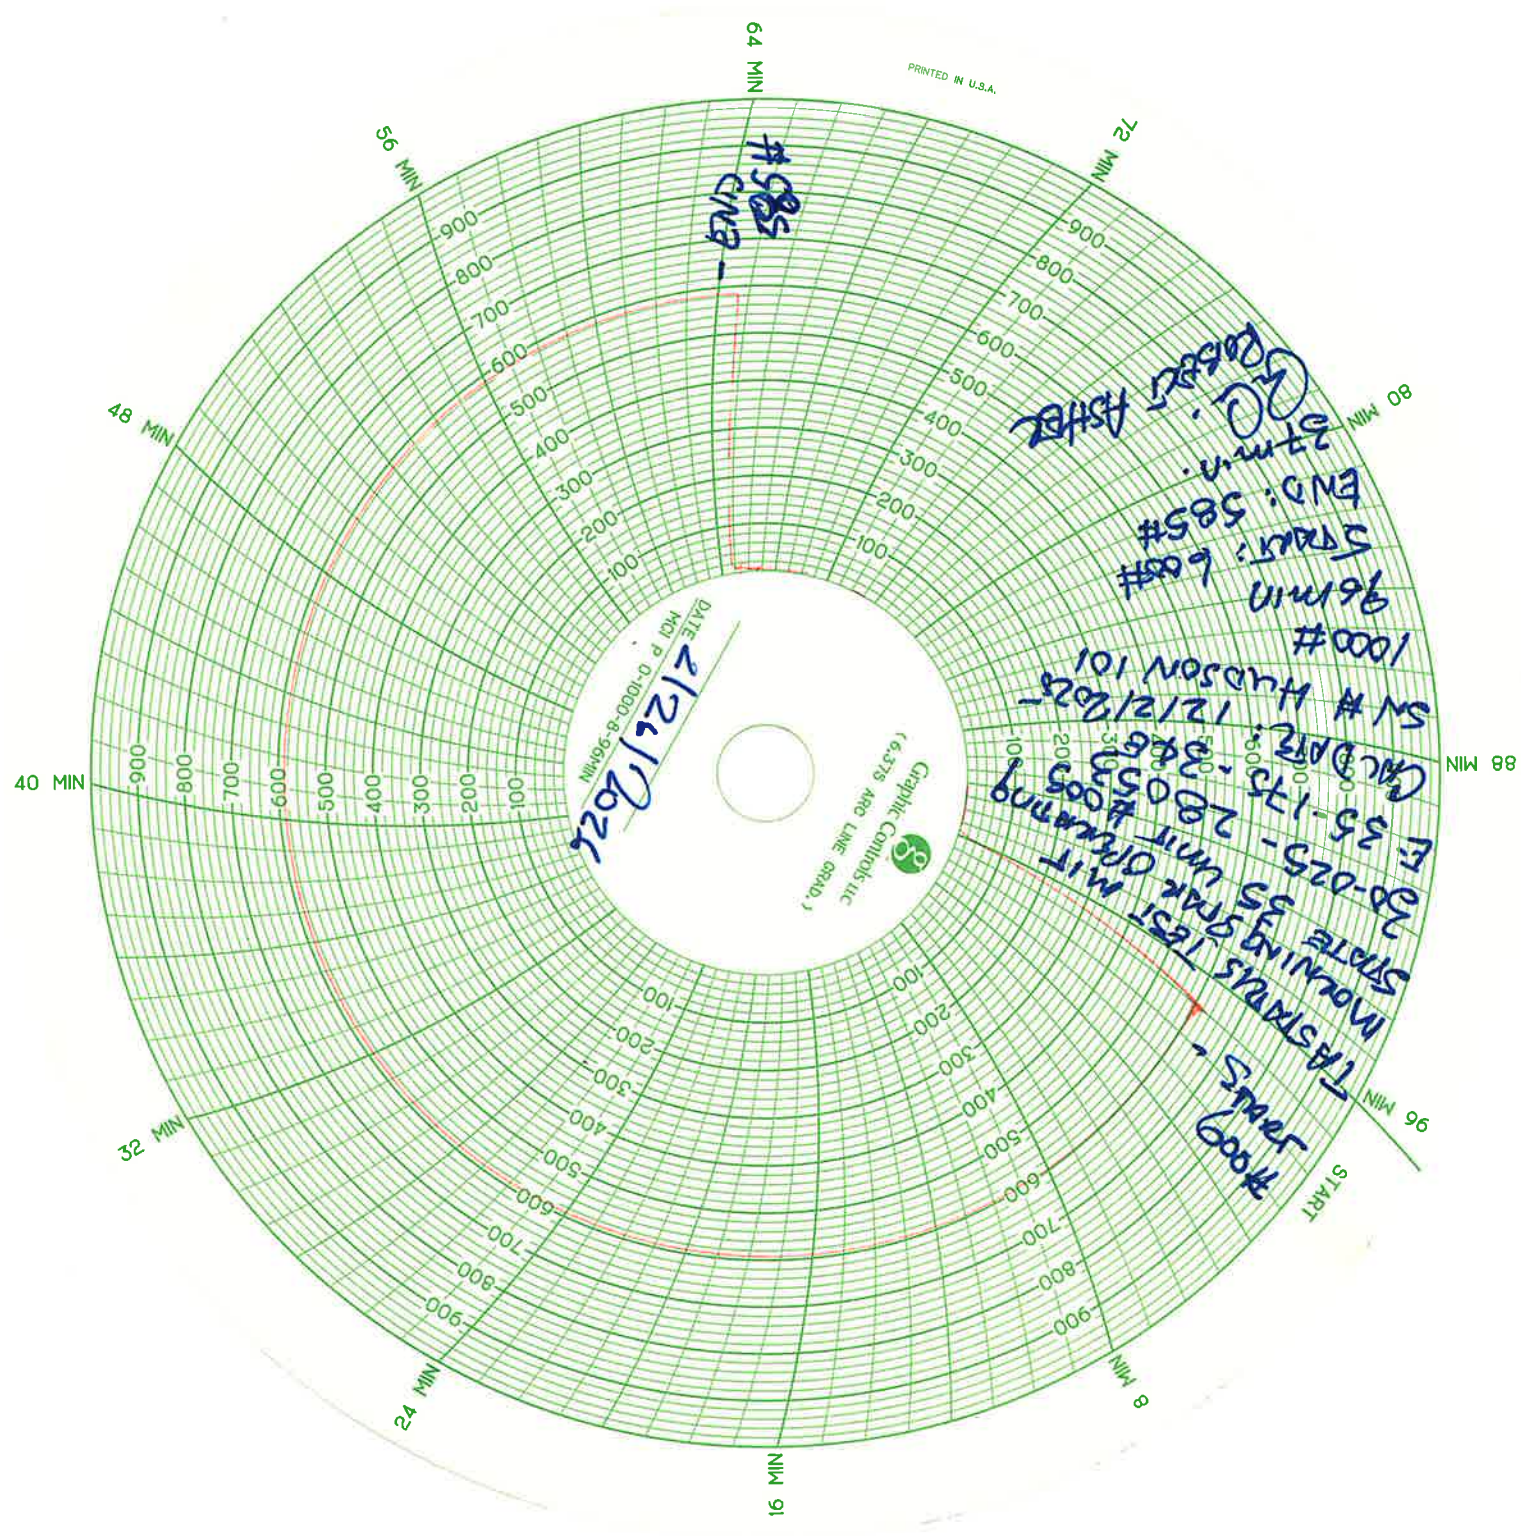

Please ensure all documentation requirements are in place prior to injection process.

If I can be of additional assistance, please feel free to contact me at (575) 703-4641

Thank You,

A handwritten signature in blue ink, appearing to read "Robert Asher".
