Tamaroa requests A change of plans :

We filed previously listing both the Wolfcamp and the Upper Penn/Diamond Strawn as the zones to be completed. We do not intend to produce both zones simultaneously. Remove the Upper Penn/Diamond Strawn from the well. We will attempt to drill the well to the previously submitted TD. The Primary target will be the Wolfcamp but we intend to drill to the Upper Penn formation to evaluate for productive zones. We intend to run logs or conduct other tests on the lower intervals if it is mechanically or financially advisable to do so.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
