Ed,

The C-101 for this well has the proposed depth to be 2025 feet. We would like to request the TD to be changed from 2025 feet to 2150 feet (+125 feet) in order for us to have better logging coverage. Please let me know if you have any questions, comments, or concerns. Do we need to resubmit the C-101 form with the new TD on it?
