Dear Mr. Hendrix:

Yesterday afternoon (December 23, 2002) I received your letter dated December 9, 2002, with attachments, in response to my first letter of November 21, 2002 concerning the subject NGPA filing. Apparently this correspondence was initially sent to the New Mexico Taxation & Revenue Department by mistake and it took the Tax and Rev. some time to forward it to me. My initial review of this matter indicates that your application filed on August 16, 2001 is now complete and approval will be forth coming.

I am also returning the \$25.00 filing fee (Check No. 127145) that was enclosed with your letter. Your initial fee paid in August, 2001 is sufficient. The subsequent data that you provided is the necessary information to complete the August, 2001 filing and is not considered a new filing.

Once approval from the Division is made this application will be forwarded to the FERC in Washington, D. C. for final review. Thank you for your patience and cooperation in this matter.

Should you have any questions, please contact me in Santa Fe by phone at (505) 476-3465 or by e-mail at [mstogner@state.nm.us](mailto:mstogner@state.nm.us).

Sincerely,

Michael E. Stogner

Dear Mr. Hendrix:

Reference is made to: (i) your NGPA well category determination application, as described above, that was submitted to the New Mexico Oil Conservation Division ("Division") in Santa Fe on August 16, 2001, which also included the mandatory \$25.00 filing-fee; and (ii) my initial response by letter dated November 21, 2002, with attachments. To date I have not received the necessary documentation to complete your filing. Considering the holidays and possible delays in the mail, an additional two weeks (December 27, 2002) to submit this data will be allowed, after which this determination may be withdrawn and returned with no action taken.

Should you have any questions, please contact me in Santa Fe by phone at (505) 476-3465 or by e-mail at [mstogner@state.nm.us](mailto:mstogner@state.nm.us).

Sincerely,

Michael E. Stogner
