**Re: Administrative application (Division reference No. pSEM0-412431231) filed with the Division on April 30, 2004 to "amend" Division Administrative Order NSP-928, which order established a non-standard 332.64-acre gas spacing unit in the Jalmat Gas Pool (79240) comprising Lots 1 through 4 and the S/2 N/2 (N/2 equivalent) of Section 2, Township 23 South, Range 36 East, NMPM, Lea County, New Mexico, so that this unit will be simultaneously dedicated to Devon's proposed: (i) J. F. Janda (NCT-I) Well No. 11 (API No. 30-025-36396), to be drilled at an unorthodox gas well location 560 feet from the North line and 2310 feet from the East line (Lot 2/Unit B) of Section 2; and (ii) J. F. Janda (NCT-I) Well No. 12 (API No. 30-025-36406), to be drilled at a standard gas well location 1890 feet from the North line and 1650 feet from the East line (Unit F) of Section 2.**

Dear Mr. Bruce:

After reviewing the subject application, I find that this non-standard 332.64-acre unit terminated when the last Jalmat gas well on this unit, Chevron U.S.A., Inc.'s J. F. Janda (NCT-I) Well No. 2 (API No. 30-025-09211), located 990 feet from the North and West lines (Lot 4/Unit D) of Section 2, ceased producing in September, 1987. Your application therefore is essentially to restore this 332.64-acre unit for Arch's proposed J. F. Janda (NCT-I) Wells No. 11 and 12. Please reference the attached Memorandum issued by the Division on June 8, 2004 that addresses this matter.

This application is incomplete with respect to notice. Please refer to Rules 4 (A) (2), 4 (C) (1) (a), and 4 (D) of the "Special Pool Rules for the Jalmat Gas Pool," as promulgated by Division Order No. R-8170-P, issued in Case No. 12563 on December 14, 2001 (see copy enclosed).

Please submit proof of notice and a plat identifying **all** offsetting units and/or properties as soon as practical. Thank you.

Sincerely,

Michael E. Stogner

Re: Reference No. pSEM0-412431231/Arch Petroleum Inc.

Dear Mr. Stogner:

Please see your recent correspondence (copy attached) regarding the above application. Notice to all offset operators in the Jalmat Gas Pool has been given, as required by Order No. R-8170-P. See Exhibits 1 and 2 attached hereto.

Very truly yours,

James Bruce

Attorney for Arch Petroleum Inc.

**CERTIFIED MAIL - RETURN RECEIPT REQUESTED**

To: Offset operators

Ladies and gentlemen:

Enclosed is a copy of an application for administrative approval of a non-standard gas spacing unit, simultaneous dedication, and an unorthodox gas well location, filed with the New Mexico Oil Conservation Division by Arch Petroleum Inc., regarding the N½ of Section 2, Township 23 South, Range 36 East, N.M.P.M., Lea County, New Mexico. Also enclosed is a letter dated June 16, 2004 from the Division, requiring additional notice for the application.

If you object to the application, you must notify the Division, in writing, no later than July 14, 2004 (1220 South St. Francis Drive, Santa Fe, New Mexico 87505). Failure to object will preclude you from contesting this matter at a later date.

Very truly yours,

  
James Bruce  
Attorney for Arch Petroleum Inc.
