San Juan County, New Mexico

Dear Mr. Roe:

We have received your letter of August 13, 2004 wherein you have notified this office of your plans for the addition of Dugan Production Corp.'s State Com Well Nos. 1B, 2A and 2B to Dugan's State Com Gas Gathering System and CDP all located within Section 16, Township 32 North, Range 12 West.

It is our understanding that all three new infill wells will be equipped with conventional gas meters which will be used for allocation purposes.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Your \$30.00 dollar filing has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
