Teague Blinbry & Imperial Tubb Drinkard Pools

Gentlemen:

We have received the subject order and appreciate your prompt consideration of our request. However, on this order, we believe that the percentages set up for assignment of allowable and allocation of production have been reversed. The order should show 65% to Upper Pool and 35% to Lower Pool according to our calculations.

We will appreciate your review of this matter, and if appropriate, issuance of a correction. If you need additional information, please advise.

Very truly yours,

IMPERIAL-AMERICAN MANAGEMENT COMPANY
