Michael,

The following API(Pool # 33820 30-025-08830) has been kicking out of the system since it was owned by Raptor Resources it is now owned by Mission. My contact at Raptor (Kathy Smith 512-478-4427 ext 112) informs me that they have paid an attorney, Bill Carr (505-988-4421), to correct this matter around April 2004.

I got a note from Donna Mull in Hobbs, first stating that she had gotten all paperwork and that she was waiting on OCD Santa Fe on a NSP. Then discovered that she was missing some paperwork, that you would need and she would contact the operator.

Could you let me know the status of this, if you have it now or when you get it? I need to make a decision of either rejecting their 05-2004 C115 or keeping it by Friday. In the future I will try to get these requests to you sooner!

Thank you...

Sources of Information:

You may want to review our imaging system to find OCD forms as approved. This can be accessed via www.emnrd.state.nm.us/oed, then OCD Online, Imaging, Well File, and enter the API.

If you need a list of your well completions, go to www.emnrd.state.nm.us/oed, then OCD Online, e-Permitting, Operator Data, Well List, search on your operator name, then select Show Wells.
