**Re: PMX-225 Area of Review Requirements**  
NSLU Well No. 12, API No. 30-015-04856  
Eddy County, New Mexico

Dear Mr. Sirgo:

Please note, the Division is hereby withdrawing the requirement to re-enter and re-plug the George Etz Well No. 2 API No 30-015-04924 located at 310 FNL and 1666 FWL, Section 30, Township 16 South, Range 31 East, NMPM, Eddy County, New Mexico.

The location of this well was within the area-of-review of the NSLU Well No. 12 and records on this well indicated an unacceptable plug and abandon.

It is our understanding this well cannot be found at this location or elsewhere within the area-of-review of the NSLU Well No. 12.

All other stipulations and requirements in Division order PMX-225 remain in force and effect.

Sincerely,

William V Jones Jr. PE
