Attention: Mr. Joe D. Ramey ✓
Division Director

Gentlemen:

We respectfully request a correction in the allocation percentages as they apply to the assignment of allowable for each pool in the well bore of the subject well. It appears that the percentages were inadvertently reversed in the writing of the order. The correct percentages (per Forms C-116 submitted) should be:

Upper Pool--62% oil and 0% gas
Lower Pool--38% oil and 100% gas

Your consideration in making these corrections is appreciated.

Very truly yours,

T. Harold McLemore
Area Regulation and Proration Analyst
