| Re: Accept Commingle A  | pplications and Allocation Method:   |                                       |  |  |  |  |  |  |
| Dear Ms. Cole:  |  |                                       |  |  |  |  |  |  |

The following wells were reviewed for downhole commingling. After reviewing the production history for these wells, we concur with the allocation factors you established. The effective date is the date that downhole commingling actually occurs. The approved allocation factors are listed below. In the case where oil allocations were not provided, it was agreed upon that the proportions established for gas would also be used for oil.

| Well Name              |      | Location                 | API #      | Lease #<br>CA # / PA# | Formation<br>Allocation |            |            | Formation<br>Allocation |            |            |
