Administrative Order No. DHC-689

Chevron USA, Inc.  
P.O. Box 670  
Hobbs, NM 88240

Attention: R. C. Anderson

Re: Lea "YH" State Well No. 1  
Unit O, Section 25, Township 18 South,  
Range 34 East, NMPM, Lea County, New  
Mexico.  
Airstrip Bone Spring & Wolfcamp Pools

Gentlemen:

Reference is made to your recent application for an exception to Rule 303-A of the Division Rules and Regulations to permit the subject well to commingle the production from both pools in the wellbore.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303-C, and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion and required separation of the two zones is hereby placed in abeyance.

In accordance with the provisions of Rule 303.C.4., total commingled oil production from the subject well shall not exceed 80 barrels per day, and total water production from the well shall not exceed 160 barrels per day. The maximum amount of gas which may be produced daily from the well shall be determined by multiplying 2000 by the top unit allowable for the Airstrip Bone Spring Pool.

Assignment of allowable to the well and allocation of production from the well shall be on the following basis:

Bone Spring Pool: Oil 20%, Gas 33%

Wolfcamp Pool: Oil 80%, Gas 67%

Pursuant to Rule 303-C 5, the commingled authority granted by this order may be rescinded by the Division Director if, in his opinion, conservation is not being best served by such commingling.

Very truly yours,

WILLIAM J. LEMAY,  
Director
