Oil Conservation Division  
Attn: David Brooks  
1220 South St. Francis Dr.  
Santa Fe, NM 87505

Dear Mr. Brooks:

Mack Energy respectfully requests an administrative approval without notice and hearing of the following unorthodox well location.

The well location and legal description is as follows:

Calgary Federal #4 NMNM-4433  
1537 FNL & 452 FEL  
Sec. 25, T15S, R28E  
Chaves County, New Mexico

The well will be drilled and completed in the San Andres formation in the Round Tank; San Andres Pool.

Attached to this application are the following exhibits.

- A.) Well location and acreage dedication plat (form C-102) (Exhibit A).
- B.) A plat showing the proposed unorthodox locations, the respective proration units, and the offsetting proration units (Exhibit B).

This well is located in the SENE of Sec. 25 T15S R28E. The well is encroaching the NENE of Sec. 25 T15S R28E, all of which is owned by Mack Energy Corporation. The location was moved at the request of BLM Surface Protection Specialist. The original location would have impacted an arroyo. This location was permitted and built in 2009. We are now in the process of re-permitting this location.

Thank you for your assistance in this matter. If you have any questions, please feel free to call.

Sincerely,

MACK ENERGY CORPORATION
