13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Finley Resources would like to surface commingle the State E-33 (B-11297) and the State E-28 & E-27 (E-5146). All wells on both leases are producing from the same pool (listed above) Individual wells are as followed:  
 State E 33-1 (30-025-04379), State E 33-3 (30-025-04381),  
 State E 28-1(30-025-04359), State E 28-2 (30-025-04360),  
 State E 27-1(30-25-04354).  
 The surface & royalty ownership are the same for both leases. Please see the attached letter for details provided by our land department.  
 We will be setting an off lease test separator for allocating production by well tests from the State 33 lease before surface commingling with the State 28 lease.
