Reference is made to your application received on August 26, 2013.

You have requested to drill this horizontal well at an unorthodox oil well location described above in the referenced pool or formation. This location is governed by the Special Rules and Regulations for the Bell Lake; Bone Spring Pool, which provide for **160-acre units**, with wells located at least 660 feet from a unit outer boundary, and Rule 15.16.14.B(2) [19.15.16.14.B(2) NMAC] concerning directional wells in designated project areas. Pursuant to the authority conferred by Division Rule 15.13.B, the above-described unorthodox location is hereby approved.
