SUBJECT: REQUEST FOR UNORTHODOX LOCATION FOR RUBY FEDERAL #30

Dear Sirs,

ConocoPhillips Company respectfully requests a non-standard location exception to drill the Ruby Federal #30 well. The lease is recorded as NM LC 029405B. The well is located in UL E, 1450' from the north line and 330' from the west line of Section 17, Township 17S, Range 32E, Lea County, New Mexico. The bottom hole footages place the well closer than 330' from a Qtr/Qtr Section line. This location was found to be the only one suitable for this well, that would allow us to reach our targeted production zone, while still protecting sand dune habitat deemed critical by the Bureau of Land Management biologist.

Enclosed are the following documents in support of this request.

- Administrative Application Checklist
- Copy of the New Mexico Form C-102

ConocoPhillips is 100% lessee and 100% working interest owner of the Ruby federal lease. The spacing units adjacent to UL E (C, D, F, L, K in section 17 and H in Section 18) are also ConocoPhillips Ruby lease, 100% working interest. The granting of this exception will prevent waste and minimize surface disturbance.

A copy of this submittal is being sent to Bureau of Land Management, Carlsbad Field Office via certified return receipt.

If you have questions regarding this request, I can be reached at 281-206-5281 or via email at Susan.B.Maunder@conocophillips.com.

Sincerely,

A handwritten signature in cursive script that reads "Susan B. Maunder".
