API No. (N/A)

First Take Point: 800' FSL & 400' FEL (Unit P)
BHL: 330' FNL & 850' FEL (Unit A)
All in Section 15, T-20 South, R-34 East, NMPM,
Lea County, New Mexico

Dear Ms. Bailey:

Pursuant to Division Rule 19.15.15.13, Mewbourne Oil Company ("Mewbourne") respectfully requests administrative approval of an unorthodox oil well location for its proposed Marathon Road 15 PA Federal Well No. 1H. This well will be drilled as a horizontal development oil well in the Lea-Bone Spring Pool (37570).

The Marathon Road 15 PA Federal Well No. 1H will be dedicated to a 160-acre spacing and proration unit ("project area") comprising the E/2 E/2 of Section 15. There are currently no other existing Bone Spring producing wells within the project area.

The Lea-Bone Spring Pool is currently governed by "The Special Rules and Regulations for the Lea-Bone Spring Pool" as established by Division Order No. R-1827 dated December 8, 1960. These rules require standard 80-acre spacing and proration units comprising the N/2, S/2, E/2 or W/2 of a governmental quarter section with wells to be located within 150 feet of the center of a governmental quarter-quarter section.

Pursuant to these rules, a well in the Lea-Bone Spring Pool cannot be located closer than 510 feet to a direct offset tract, and cannot be located closer than 783 feet to a diagonal offset tract.

The proposed unorthodox location is necessary in order to maximize the recovery of oil and gas reserves from the Lea-Bone Spring Pool underlying the E/2 E/2 of Section 15.

The affected offset tracts are described as follows:

Tract 1: W/2 NE/4 of Section 15-20S-34E. This tract is currently undeveloped in the Lea-Bone Spring Pool. By virtue of a JOA that designates Mewbourne as Bone Spring operator within the N/2, SE/4, E/2 SW/4 and NW/4 SW/4 of Section 15, the interest ownership between the E/2 E/2 of Section 15 (drill tract) and the W/2 NE/4 is common. Consequently, notice of this application is not required to the interest owners within this tract;

Tract 2: SE/4 of Section 10-20S-34E. This tract is currently undeveloped in the Lea-Bone Spring Pool. The leasehold owner is Read & Stevens, Inc.;

Tract 3: W/2 W/2 of Section 14-20S-34E. This tract is currently undeveloped in the Lea-Bone Spring Pool. The W/2 and SE/4 of Section 14 is subject to a JOA that designates Mewbourne as Bone Spring operator. Since the working interest ownership between the E/2 E/2 of Section 15 (drill tract) and the W/2 W/2 of Section 14 is not common, notice of this application will be provided to all working interest owners within this tract (see attached list);

Tract 4: E/2 W/2 of Section 14-20S-34E. This tract is proposed to be developed in the Lea-Bone Spring Pool by Mewbourne. **(Note: This tract is not affected by the proposed non-standard well location but is being shown to clarify the spacing unit orientation within the W/2 of Section 14.)**

Pursuant to Division rules, notice of this application is being provided to Read & Stevens, Inc., and to all working interest owners within the W/2 W/2 of Section 14.

Attached is a Form C-102 showing the proposed well and proposed project area. Also attached is a map showing the affected offset acreage and an offset leasehold notice letter.

In summary, approval of the application will provide Mewbourne Oil Company the opportunity to recover additional oil and gas reserves from the Lea-Bone Spring Pool underlying the E/2 E/2 of Section 15 that may otherwise not be recovered, thereby preventing waste, and will not violate correlative rights.

If you should have any questions, please call me at (505) 690-9453.
