

HIP- _____126_____

**PUBLIC
NOTICE**

RECEIVED 005

27 JAN 15 10 16 AM

January 13, 2014
File No.: 131457

Mr. Brad Jones
New Mexico Energy, Minerals, and Natural Resources Department
Oil Conservation Division
1220 St. Francis Drive
Santa Fe, NM 87505

**Subject: Submittal of Proof of Public Notice of a Hydrostatic Test for
Salt Lake Lateral
Eddy County, New Mexico**

Dear Mr. Jones:

On behalf of Enterprise Products Operating Company Inc. (Enterprise), Kleinfelder West, Inc. (Kleinfelder) is submitting this proof of public notice in support of the hydrostatic discharge permit for the Salt Lake Lateral pipeline.

The Notice of Intent (NOI) to discharge hydrostatic test water from the Salt Lake Lateral and application to discharge was deemed administratively complete by the New Mexico Energy, Minerals, and Natural Resources Department Oil Conservation Division (NMOCD) on October 10, 2013.

Enterprise is planning to conduct hydrostatic testing on a new 12-inch inner-diameter line named Salt Lake Lateral in Eddy County, New Mexico. Actual placement of water into the pipeline is scheduled to start on or about February 15, 2014. Approximately 21, 121 feet of piping will be tested.

The landowners were notified by certified mail in October 24, 2013.

Attached to this letter are the following:

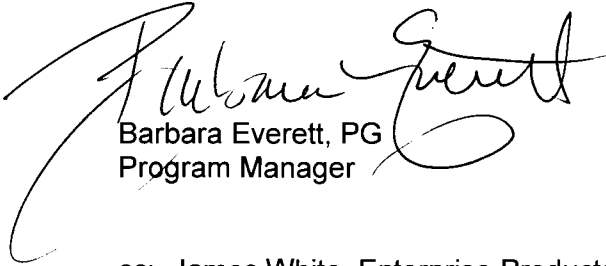

- Photos of Public Notice Posted at Post Office, Loving, NM on October 24, 2013;
- Photos of Public Notice Posted at Discharge Site, T24S, R29E, Sec 22, NM on October 24, 2013;
- Proof of letters sent to landowners; and
- Copy of the affidavit of publication of the Public Notice in the Carlsbad Current-Argus on October, 2013.

Should you have any questions, please feel free to contact Barbara Everett (Kleinfelder) at 505.344.7373 or Jimmy White (Enterprise) at 713.381.1785.

On behalf of Enterprise Products, I state that the above information is complete and true to the best of my knowledge.

Respectfully submitted,

KLEINFELDER WEST, INC.

A handwritten signature in black ink, appearing to read 'Barbara Everett', is written over the printed name and title.

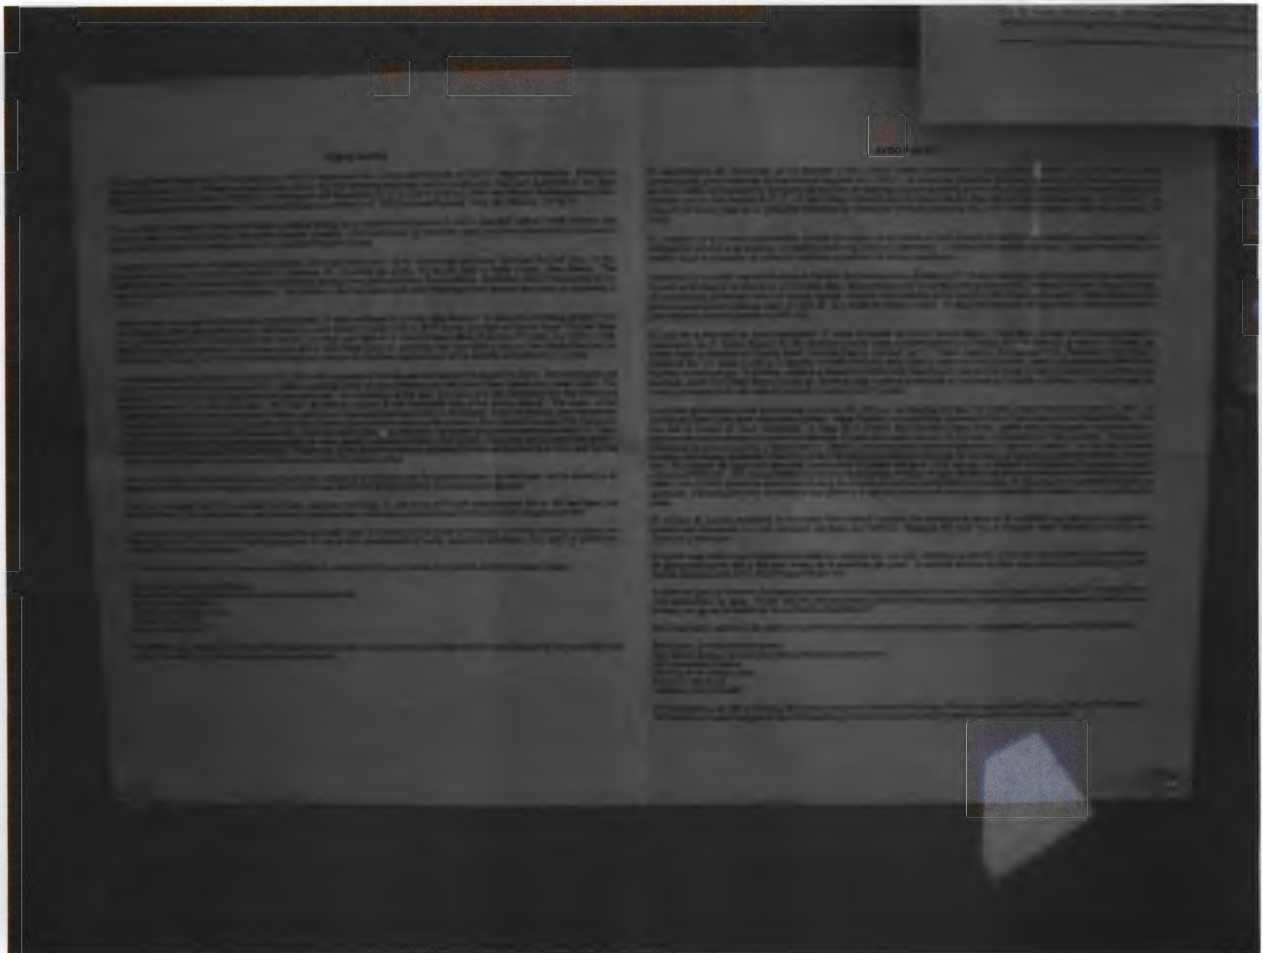

Barbara Everett, PG
Program Manager

THIRD NOTICE	11-23

Little Argus

TODAY

Landsun Homes Auxiliary meeting: The Landsun Homes Auxiliary will meet Thursday, Oct. 24, at 9:45 a.m. at Landsun Manor Auditorium, 2002 Westridge. The meeting includes a program by Adon Rodriguez about the Carlsbad veterans cemetery. For information, call 575-234-5841.

FRIDAY

Christmas Shoppe: The Assistance League's Christmas Shoppe opens Friday, Oct. 25. The Shoppe will be open at 1100 N. Canal St. Thursdays from 6:30 to 8:30 p.m. on Thursdays, and from 10 a.m. to 2 p.m. on Fridays and Saturdays.

Story time: Pre-School story time will be held on Friday, Oct. 25, at 9:30 a.m. at Living Desert Zoo and Gardens State Park's Visitor Center. The story will be "That Terrible Halloween Night." A short walk in the Park, weather permitting, and an activity will follow the story. There is no fee for the visitor center program; however, regular admission fees apply to enter the zoo. For additional information, call Kathryn Law at 575-887-5516.

Free concert: The P.R. Leyva Choir Fall Variety Show will be held Friday, Oct. 25 at 7 p.m. in the P.R. Leyva Auditorium. Admission is free.

Author panel: Several authors will participate in a panel discussion at NMSU Carlsbad Oct. 25 as part of the campus' acknowledgement of the National Day on Writing. The panel includes Alissa Nutting, author of "Tampa: A Novel" and the short story collection "Unclean Jobs for Women and Girls." Kathy Greenwood, author of "Heart Diamond," a non-fiction book about growing up on a southeastern New Mexico cattle ranch. Justin Burnside, author of the poetry book "Caught and Mastered," and Zane Giebelle, author of "Obligation," a short story published in Oxford Magazine. The discussion will be held at 6 p.m. on Friday, Oct. 25, in Room 153 at NMSU Carlsbad.

SATURDAY

Haunted House: The Carlsbad Downtown Lions Club will present the Carlsbad High School Mummies in "Haunted Asylum" on Saturday, Oct. 26, from 6:30 to 9:30 p.m. at 102 N. Canal St. across the street from the courthouse. Enter from the alley. Admission is \$5 or \$3 with a pair of eyeglasses.

Prayer gathering: The 10th annual faith community prayer gathering will be held at 7 p.m. Saturday, Oct. 26, on the Esday County Courthouse lawn.

Men's breakfast: A men's breakfast will be held Saturday, Oct. 26, at 8:30 a.m. at San Jose Parish Hall, 1002 DeBaca. The men's breakfast is held the last Saturday of each month. All men and boys are welcome. For information, call Sammy Vasquez at 575-887-3817.

Free garage sale: A free garage sale is being held at Gaven Baptist Church, 110 Russell Street, on Saturday, Oct. 26, starting at 8 a.m. For information, call 575-887-2100.

ANNOUNCEMENTS

Pro Life Rally: The October Life Chain, a "peaceful public witness of pro-life individuals praying for the nation and an end to abortion," will be held Sunday, Oct. 27, from 1:45 to 3 p.m. at 2400 S. Canal St., across the street from Walmart.

Pumpkin Party: A pumpkin party for preschoolers ages 3-5 is being held at Carlsbad Public Library on Tuesday, Oct. 29, at 10 a.m. Holiday stories and snacks, games, craft to make and take home. 575-885-6776

Downtown Fall Festival: The 18th annual Downtown Fall Festival will be held from 4:30-6 p.m. Thursday, Oct. 31, in Downtown Carlsbad, featuring merchant trick-or-treating and a costume contest on the courthouse lawn. Contest registration at 4:15 p.m. Info: 575-628-3768 or www.carlsbadmainstreet.org.

EDUCATION

NMSU Carlsbad hosts National Day on Writing

NMSU Carlsbad is hosting four authors for a celebration of the "National Day on Writing" this Friday at 6 p.m. in Room 153 of the Instructional Building.

This event will feature a reading by the authors — locally and nationally recognized — followed by a panel discussion about their writing processes. The Blue House Café will cater the event, which is free to the public.

The featured speaker, Alissa Nutting, has gained national recognition with her novel "Tampa," which has received praise from TIME Magazine, Salon.com, Publisher's Weekly, and Cosmopolitan Magazine.

"Tampa" has been chosen as an Amazon.com Editor's Pick for "Best Books of the Month in Literature and Fiction." Her works have also appeared in "O: The Oprah Magazine," The New York Times, The Norton Introduction to Literature, and multiple other literary venues.

She is currently an assistant professor of creative writing and English at John Carroll University.

In addition to Alissa Nutting, the panel will include three local authors with a wide variety of literary talent. Carlsbad native Zane

Bicelle is the winner of Robert A. Wichert Endowed Memorial Fund for Creative Writing Award, the Penny Wilkes Scholarship in Writing, and the Environment Award, and was nominated for the Discovered Voices competition.

Her short fiction has appeared in Oxford Magazine. She is a Carlsbad native, and is currently an instructor of English at NMSU Carlsbad.

Justin Burnside, an alumnus of the University of Nevada, Las Vegas, will be reading a selection of poetry from his recently published book "Caught and Mastered." The panel will also fea-

ture Kathy L. Greenwood, author of "Heart Diamond," a non-fiction account about growing up on a southeastern New Mexico cattle ranch.

She received the Roush Teaching Award in 2008 as well as an award from the New Mexico Council of Teachers of English in 2009. She is a professor of English at NMSU Carlsbad.

The event is hosted by the NMSU Carlsbad English Department in honor of the fifth annual National Council of Teachers of English "National Day on Writing" celebration.

Submitted by Michelle Kay Hansen

EDUCATION

BOSS'S DAY

SUSAN TIESZ PHOTO

Carlsbad High School Business Professionals of America (BPA) held a "Boss Day Open House" at Carlsbad High School last week. All BPA senior interns invited their supervisors and coworkers from their various training stations for lunch and a tour of their high school classroom; CHS administrators, guidance counselors, and school board members also attended. The students had the opportunity to show their supervisors their projects in the class while showing their appreciation for their bosses. Pictured here, interns Yamileth Botello and Zulema Corona show a PowerPoint project to Carlsbad.

John A. Burke - Pastor

PUBLIC NOTICE
The United States Department of Transportation (USDOT) requires private transportation providers (Enterprise Products Operating LLC (Enterprise) hereby gives notice that the following discharge permit notification has been submitted to the New Mexico Oil Conservation Division (NMOCD) for approval. The discharge permit is for the discharge of water from the intersection of W. 30th Street and S. 8th Street (S-285 St) for approximately 4.8 miles, turn left onto County Road 700 (Dunbar Road) and continue for 0.8 miles, turn left onto County Road 700 (Dunbar Road) and continue for 2.1 miles, turn right onto Hwy 201 (Dunbar Road) and continue for 1.3 miles, turn left onto an unnamed road and continue for 1.3 miles, turn right onto an unnamed road and continue for 0.8 miles. The discharge will be on the right side of the road on private land. The discharge is scheduled to begin on or about October 30, 2013 with discharge of the first water scheduled on or about November 15, 2013.

Approximately nine miles of new natural gas piping will be installed, up to 300,000 gallons of potable municipal water from the City of Carlsbad will be used in the hydraulic test. Upon completion of the test, the water will be temporarily stored in 15 specially designed tanks on private property that is located by Enterprise at the discharge location. Once the test has been completed, and prior to discharge, Enterprise will collect and analyze a sample of the water obtained from the first section of the pipeline. The sample will be analyzed for water quality and the results will be forwarded to the NMOCD. Upon NMOCD concurrence that the discharge water meets the water quality standards of NMAC 20.2.3.103, Enterprise will discharge the water in accordance with the approved discharge permit. If discharge to the ground surface is approved, the water will be released from the pipeline and the test water will be discharged to a collection and discharge system and allowed to flow onto ground surface on the leased private property.

If test water exceeds discharge requirements, it will be transported from the project site in DOT approved tanker trucks to an NMOCD-approved water treatment facility.

Depth to water in the natural water supply wells located more than a mile to the west, along the Peace River, ranged from 18 to 60 feet below the ground surface. The elevation of the Peace River is approximately 2950 feet above mean sea level (MSL). The elevation of the ground surface at the discharge area is approximately 2950 feet MSL. The test groundwater body to be effected by a leak, accidental discharge, or spill exists at a depth of at least 30 feet below the ground surface, based on the ground surface elevations and surrounding surface water and groundwater conditions. The aquifer system in this area has a total dissolved solids concentration of approximately 4,000 milligrams per liter.

The notice of intent and discharge plan outlines how produced water and waste will be properly managed, including handling, storage, and free distribution. The plan also includes procedures for the proper management of leaks, accidental discharges, and spills to protect the waters of the State of New Mexico.

For additional information, to be placed on a facility-specific mailing list for future notices, or to submit comments please contact:

Brad Jones, Environmental Engineer
New Mexico Energy, Minerals and Natural Resources Department
Oil Conservation Division
1220 South St. Freida Drive

Phone: 505-476-3487

The NM Energy, Minerals and Natural Resources Department will accept comments and statements of interest regarding this hydraulic test and will provide future notice to the pipeline upon request.

AVISO PUBLICO
El Departamento de Transporte de los Estados Unidos (USDOT) requiere hacer pruebas (pruebas) privadas (pruebas) privadas para el transporte de agua de la ciudad de Carlsbad, Nuevo México. El lugar de la descarga está aproximadamente a 5 millas al sur de la intersección de W. 30th Street y S. 8th Street (S-285 St). El agua de la descarga será almacenada en 15 tanques especialmente diseñados en propiedad privada ubicada por Enterprise en el lugar de la descarga. Una vez que la prueba sea completada, y antes de la descarga, Enterprise recolectará y analizará una muestra de agua obtenida del extremo de la sección de tubería. La muestra será analizada para evaluar la calidad del agua. Una vez que se reciban los resultados, los resultados serán enviados a NMOCD. A NMOCD concuerda que el agua de descarga cumple con los estándares de calidad de agua de NMAC 20.2.3.103, Enterprise descargará el agua de acuerdo con el permiso de descarga aprobado. Si la descarga a la superficie del suelo es aprobada, el agua será desviada de la tubería y el agua de prueba será desviada a un sistema de descarga y permitida fluir sobre la superficie del suelo en la propiedad privada.

Si el agua de prueba excede los requisitos de descarga, será transportada del sitio del proyecto en camiones-pipa aprobados por el departamento de transporte por un transportista aprobado por NMOCD. Mesquite Services, Inc., a División NMOP (NM 830-015-23728), un lugar aprobado por NMOCD para el tratamiento del agua de prueba.

La profundidad al nivel freático en los pozos de agua más cercanos ubicados más de una milla hacia el oeste, cerca del Río Peace, variaba de 18 a 60 pies debajo de la superficie del suelo. La elevación del Río Peace es aproximadamente 2,950 pies arriba del nivel promedio del mar (nivel medio del nivel). La elevación de la superficie del suelo en el área de la descarga es aproximadamente 2,950 pies MSL. El primer nivel freático que puede ser afectado por una fuga, descarga accidental o derrame existe a una profundidad de por lo menos 30 pies debajo de la superficie del suelo, basado en las elevaciones de la superficie del suelo y condiciones de agua y niveles freáticos en las adyacencias. El sistema acuífero en esta área tiene una concentración total de sólidos disueltos de aproximadamente 4,000 miligramos por litro.

El agua de intención y el plan de descarga describe cómo el agua que se produce será manejada, incluyendo su almacenamiento y el proceso final para el tratamiento del agua. El plan también incluye procedimientos para el manejo apropiado de fugas, descargas accidentales, y derrames para proteger las aguas del Estado de Nuevo México (Nuevo México).

**Subject: Submittal of Proof of Public Notice of a Hydrostatic Test for
Salt Lake Lateral
Eddy County, New Mexico**

Dear Mr. Jones:

On behalf of Enterprise Products Operating Company Inc. (Enterprise), Kleinfelder West, Inc. (Kleinfelder) is submitting this proof of public notice in support of the hydrostatic discharge permit for the Salt Lake Lateral pipeline.

The Notice of Intent (NOI) to discharge hydrostatic test water from the Salt Lake Lateral and application to discharge was deemed administratively complete by the New Mexico Energy, Minerals, and Natural Resources Department Oil Conservation Division (NMOCD) on October 10, 2013.

Enterprise is planning to conduct hydrostatic testing on a new 12-inch inner-diameter line named Salt Lake Lateral in Eddy County, New Mexico. Actual placement of water into the pipeline is scheduled to start on or about February 15, 2014. Approximately 21, 121 feet of piping will be tested.

The landowners were notified by certified mail in October 24, 2013.

Attached to this letter are the following:

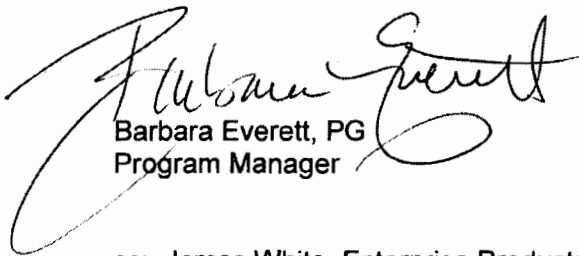

- Photos of Public Notice Posted at Post Office, Loving, NM on October 24, 2013;
- Photos of Public Notice Posted at Discharge Site, T24S, R29E, Sec 22, NM on October 24, 2013;
- Proof of letters sent to landowners; and
- Copy of the affidavit of publication of the Public Notice in the Carlsbad Current-Argus on October, 2013.

Should you have any questions, please feel free to contact Barbara Everett (Kleinfelder) at 505.344.7373 or Jimmy White (Enterprise) at 713.381.1785.

On behalf of Enterprise Products, I state that the above information is complete and true to the best of my knowledge.

Respectfully submitted,

KLEINFELDER WEST, INC.

A handwritten signature in black ink, appearing to read 'Barbara Everett', is written over the printed name and title.

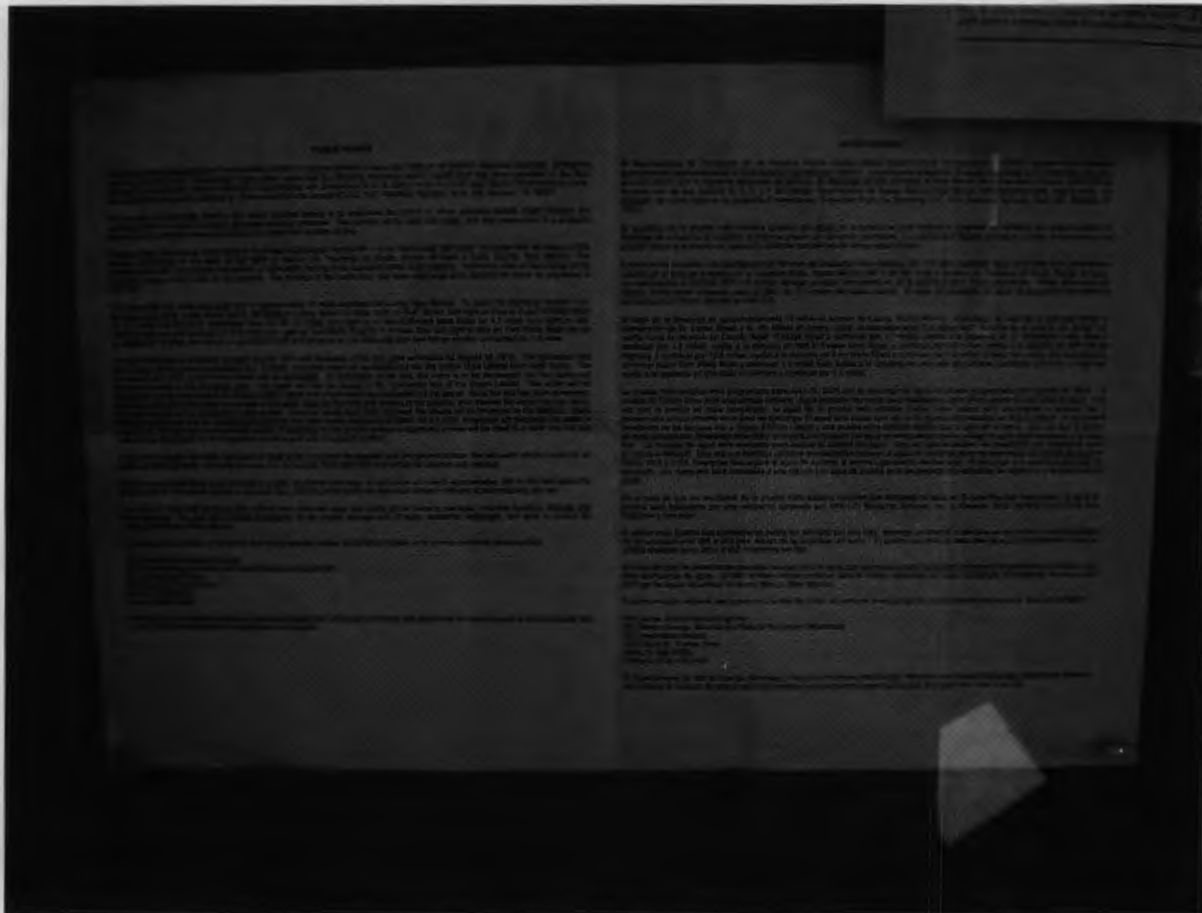

Barbara Everett, PG
Program Manager

TODAY

Landsun Homes Auxiliary meeting: The Landsun Homes Auxiliary will meet Thursday, Oct. 24, at 9:45 a.m. at Landsun Manor Auditorium, 2002 Westridge. The meeting includes a program by Adon Rodriguez about the Carlsbad veterans cemetery. For information, call 575-234-5841.

FRIDAY

Christmas Shoppe: The Assistance League's Christmas Shoppe opens Friday, Oct. 25. The Shoppe will be open at 1100N Canal St. Thursdays through Saturdays, from 8:30 to 8:30 p.m. on Thursdays, and from 10 a.m. to 2 p.m. on Fridays and Saturdays.

Story time: Pre-School story time will be held on Friday, Oct. 25, at 9:30 a.m. at Living Desert Zoo and Gardens State Park's Visitor Center. The story will be "That Terrible Halloween Night." A short walk in the Park, weather permitting, and an activity will follow the story. There is no fee for the visitor center program; however, regular admission fees apply to enter the zoo. For additional information, call Kathryn Law at 575-687-5516.

Free concert: The P.R. Leyva Choir Fall Variety Show will be held Friday, Oct. 25 at 7 p.m. in the P.R. Leyva Auditorium. Admission is free.

Author panel: Several authors will participate in a panel discussion at NMSU Carlsbad Oct. 25 as part of the campus' acknowledgment of the National Day on Writing. The panel includes Alissa Nutting, author of "Tampa: A Novel" and the short story collection "Unclean Jobs for Women and Girls." Kathy Greenwood, author of "Heart Diamond," a non-fiction book about growing up on a southwestern New Mexico cattle ranch. Justin Burnside, author of the poetry book "Caught and Mastered," and Zane Bebebe, author of "Obligation," a short story published in Oxford Magazine. The discussion will be held at 6 p.m. on Friday, Oct. 25, in Room 153 at NMSU Carlsbad.

SATURDAY

Haunted House: The Carlsbad Downtown Lions Club will present the Carlsbad High School Mummies in "Haunted Asylum" on Saturday, Oct. 26, and Thursday, Oct. 31, from 6:30 to 9:30 p.m. at 105 N. Canal St., across the street from the courthouse. Enter from the alley. Admission is \$5.00 for a pair of eyeglasses.

Prayer gathering: The 10th annual faith community prayer gathering will be held at 7 p.m. Saturday, Oct. 26, on the Eddy County Courthouse lawn.

Men's breakfast: A men's breakfast will be held Saturday, Oct. 26, at 8:30 a.m. at San Jose Parish Hall, 1002 DeBake. The men's breakfast is held the last Saturday of each month. All men and boys are welcome. For information, call Sammy Vasquez at 575-687-3872.

Free garage sale: A free garage sale is being held at Cavern Baptist Church, 110 Russell Street, on Saturday, Oct. 26, starting at 8 a.m. For information, call 575-687-2100.

ANNOUNCEMENTS

Pro Life Rally: The October Life Chain, a peaceful public witness of pro-life individuals praying for the nation and an end to abortion, will be held Sunday, Oct. 27, from 1:45 to 3 p.m. at 2400S. Canal St., across the street from Walmart.

Pumpkin Party: A pumpkin party for preschoolers ages 3-5 is being held at Carlsbad Public Library on Tuesday, Oct. 29, at 10 a.m. Holiday stories and snacks, games, craft to make and take home. 575-685-6776

Downtown Fall Festival: The 16th annual Downtown Fall Festival will be held from 4:30-6 p.m. Thursday, Oct. 31, in Downtown Carlsbad, featuring merchant trick-or-treating and a costume contest on the courthouse lawn. Contest registration at 4:15 p.m. Info: 575-628-3768 or www.carlsbadmainstreet.org.

EDUCATION

NMSU Carlsbad hosts National Day on Writing

NMSU Carlsbad is hosting four authors for a celebration of the "National Day on Writing" this Friday at 6 p.m. in Room 158 of the instructional building.

This event will feature a reading by the authors — locally and nationally recognized — followed by a panel discussion about their writing processes. The Rhos House Cafe will cater the event, which is free to the public.

The featured speaker, Alissa Nutting, has gained national recognition with her novel "Tampa," which has received praise from TIME Magazine, Salon.com, Publisher's Weekly, and Cosmopolitan Mag-

azine. "Tampa" has been chosen as an Amazon.com Editor's Pick for "Best Books of the Month in Literature and Fiction." Her work has also appeared in "O: The Oprah Magazine," "The New York Times," "The Norton Introduction to Literature," and multiple other literary venues.

She is currently an assistant professor of creative writing and English at John Carroll University. In addition to Alissa Nutting, the panel will include three local authors with a wide variety of literary talent.

Carlsbad native Zane

Bebebe is the winner of Robert A. Wichert Endowed Memorial Fund for Creative Writing Award, the Penny Wilkes Scholarship in Writing, and the Environment Award, and was nominated for the Discovered Voices competition.

Her short fiction has appeared in Oxford Magazine. She is a Carlsbad native, and is currently an instructor of English at NMSU Carlsbad.

Justin Burnside, an alumnus of the University of Nevada - Las Vegas, will be reading a section of poetry from his recently published book "Caught and Mastered."

The panel will also fea-

ture Kathy L. Greenwood, author of "Heart Diamond," a non-fiction account about growing up on a southeastern New Mexico cattle ranch.

She received the Rough Teaching Award in 2008 as well as an award from the New Mexico Council of Teachers of English in 2009. She is a professor of English at NMSU Carlsbad.

The event is hosted by the NMSU Carlsbad English Department in honor of the fifth annual National Council of Teachers of English "National Day on Writing" celebration.

Noah's Ark is open from noon to 5:30 p.m. Monday through Friday and 11 a.m. to 4 p.m. Saturday. For more information, call 575-685-5769 or email angel@carcity.org. More pets searching for permanent homes can be seen at http://noahsarkshelter.org

EDUCATION

BOSS'S DAY

SUBMITTED PHOTO

Carlsbad High School Business Professionals of America (BPA) held a "Boss Day Open House" at Carlsbad High School last week. All BPA senior interns invited their supervisors and coworkers from their various training stations for lunch and a tour of their high school classroom; CHS administrators, guidance counselors, and school board members also attended. The students had the opportunity to show their supervisors their projects in the class while showing their appreciation for their bosses. Pictured here, interns Yamileth Botello and Zulema Corona show a PowerPoint project to Carlsbad.

NOTICE OF PUBLICATION

STATE OF NEW MEXICO
ENERGY, MINERALS AND
NATURAL RESOURCES
DEPARTMENT
OIL CONSERVATION DIVISION

Notice is hereby given that pursuant to New Mexico Water Quality Control Commission Regulations (20.6.2 NMAC), the following discharge permit application(s) has been submitted to the Director of the New Mexico Oil Conservation Division ("OCD"), 1220 S. Saint Francis Drive, Santa Fe, New Mexico 87505, Telephone (505) 476-3440:

(HIP-126) Enterprise Products Operating, LLC (Enterprise), 1031 Andrews Highway, Suite 320, Midland, Texas, 79701, has submitted an application for an Individual Hydrostatic Test Discharge Permit to the New Mexico Energy, Minerals and Natural Resources Department, Oil Conservation Division to hydrostatic test a new 12-inch diameter natural gas gathering system transmission pipeline approximately 9.1 miles (48,048 feet) long, located approximately 8 miles southeast of Loving, New Mexico. Enterprise will obtain water for the hydrostatic test from the City of Carlsbad, New Mexico. Approximately 300,000 gallons of wastewater will be generated from the hydrostatic test, and tested prior to discharge or disposal. The discharge/ collection /retention site is on private property, located within NE/4 and SE/4 of the NW/4 of Section 15, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico. To reach the discharge location from Loving, New Mexico: from the intersection of W. Cedar Street and US-285 (8th Street) head south on US-285 S for approximately 4.8 miles; turn left onto County Road 720/Duarte Road for 0.8 miles; turn left onto County Road 745/Harroun Road for 2.1 miles; turn right onto Bramble Road for 2.1 miles; turn right onto Dog Town Road for 1.3 miles; turn left onto an unnamed road for 1.0 miles; turn left onto an unnamed

road for 1.3 miles; turn right onto an unnamed road for 0.6 miles; and the discharge area is on the right side of the road. Due to the pipelines being new construction and the source water to be used during the testing, the discharge water is expected to meet Water Quality Control Commission (WQCC) water quality standards of 20.6.2.3103 NMAC. If WQCC water quality standards are not met, the test wastewater will be temporarily stored in frac tanks awaiting transfer to trucks to be hauled to an approved disposal facility. The shallowest groundwater most likely to be affected by an accidental discharge is at a depth of approximately 30 feet below ground surface with a total dissolved solids concentration of approximately 4,000 mg/l. The discharge plan consists of a description of the method and location for collection, testing and retention of fluids and solids, how products and wastes will be properly handled, stored, and disposed of, including how spills, leaks, and other accidental discharges to the surface will be managed in order to protect fresh water.

OCD has determined that the application is administratively complete and has prepared a draft permit. OCD will accept comments and statements of interest regarding this application and will create a facility-specific mailing list for persons who wish to receive future notices. Persons interested in obtaining further information, submitting comments or requesting to be on a facility-specific mailing list for future notices may contact the Environmental Bureau Chief of the Oil Conservation Division at the address given above. The administrative completeness determination and draft permit may be viewed at the above address between 8:00 a.m. and 4:00 p.m., Monday through Friday, or may also be viewed at the OCD web site <http://www.emnrd.state.nm.us/OC/D/ev-draftpublicetc.html>. Persons interested in obtaining a copy of the application and draft permit may contact the OCD at the address given above. Prior to ruling on any proposed discharge permit or major modification, the Director shall allow a period of at least thirty (30) days after the date of publication of this notice, during which interested persons may submit comments or request that OCD hold a public hearing. Requests for a public hearing shall set forth the reasons why a hearing should be held. A hearing will be held if the Director determines that there is significant public interest.

If no public hearing is held, the Director will approve or disapprove the proposed permit based on information available, including all comments received. If a public hearing is held, the Director will approve or disapprove the proposed permit based on information in the permit application and information submitted at the hearing.

Re: Hydrostatic Test Discharge Permit
Permit: HIP-126
Enterprise Products Operating, LLC
Salt Lake Lateral
Locations: NE/4 and SE/4 of the NW/4 of Section 15, Township 24 South, Range 29
East, NMPM, Eddy County, New Mexico

Dear Ms. Nolan:

Pursuant to the Water Quality Control Commission (WQCC) Regulations 20.6.2.3104 – 20.6.2.3114 NMAC, the Oil Conservation Division (OCD) hereby proposes to approve Enterprise Products Operating, LLC's hydrostatic test discharge permit for the above referenced event contingent upon the conditions specified in the attached draft discharge permit. Please review and provide comments to OCD on the draft discharge permit within 30 days of receipt of this letter.

If you have any questions, please do not hesitate to contact me at (505) 476-3487 or brad.a.jones@state.nm.us.

Sincerely,

Brad A. Jones
Environmental Engineer

Re: Hydrostatic Test Discharge Permit DRAFT
Permit: HIP-126
Enterprise Products Operating, LLC
Salt Lake Lateral
Locations: NE/4 and SE/4 of the NW/4 of Section 15, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico

Dear Ms. Nolan:

The New Mexico Oil Conservation Division (OCD) has received Enterprise Products Operating LLC's (Enterprise) notice of intent, dated October 7, 2013 and received by OCD on October 10, 2013, for authorization to discharge approximately 300,000 gallons of wastewater generated from a hydrostatic test of a new 12-inch diameter natural gas gathering system transmission pipeline approximately 9.1 miles (48,048 feet) long, located approximately 8 miles southeast of Loving, New Mexico. The proposed discharge/collection /retention location is on private property, located within NE/4 and SE/4 of the NW/4 of Section 15, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico. OCD acknowledges the receipt of the filing fee (\$100.00) and the permit fee (\$600.00) for the permit from a submittal dated October 7, 2013.

Based on the information provided in the request, the hydrostatic test water discharge is hereby approved with the following understandings and conditions:

1. Enterprise shall comply with all applicable requirements of the New Mexico Water Quality Control Commission Regulations (20.6.2 NMAC), the Oil and Gas Act (Chapter 70, Article 2 NMSA 1978), and all conditions specified in this approval and shall operate and close the project in accordance with the October 7, 2013 request;
2. Enterprise will be testing a new 12-inch diameter natural gas gathering system transmission pipeline approximately 9.1 miles (48,048 feet) long, located approximately 8 miles southeast of Loving, New Mexico;
3. Enterprise will acquire the hydrostatic test water from the City of Carlsbad, New Mexico;

4. Enterprise will generate approximately 300,000 gallons of hydrostatic test wastewater from the test event. The hydrostatic wastewater will remain in the pipeline while being sampled and transferred into frac tanks while awaiting test results from a certified laboratory;
5. Enterprise will slowly discharge the wastewater, via a system of flexible hoses and temporary piping, into twelve (12) 21,000 gallon frac tanks for temporary storage on the private property, in order to await test results from a certified laboratory;
6. Enterprise shall ensure that the temporary storage tanks shall have impermeable secondary containment (e.g., liners - geomembrane and berms – hay bales or a secondary containment tank), which will contain a volume of at least one-third greater than the total volume of the largest tank or one-third greater than the total volume of all tanks that are inter-connected, whichever is greater;
7. Enterprise shall analyze all samples of wastewater generated from the hydrostatic test to demonstrate the results do not exceed the standards as set forth in Subsections A, B, and C of the 20.6.2.3103 NMAC or background, whichever is greater, except for Combined Radium 226 & Radium 228 due to pre-test results;
8. Enterprise shall submit the test results via email or fax to the OCD for review and subsequent approval or disapproval for the test wastewater to be discharged;
9. If the final discharge of the wastewater is approved by the OCD, Enterprise will discharge the wastewater into a dewatering structure, constructed of non-woven geotextile and hay bales, to control erosion and contain the discharge on private property, located within NE/4 and SE/4 of the NW/4 of Section 15, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico;
10. If final discharge of the wastewater is approved, no hydrostatic wastewater generated will be discharged to groundwater;
11. If final discharge of the wastewater is approved, no discharge shall occur:
 - a. within 200 feet of a watercourse, lakebed, sinkhole or playa lake;
 - b. within an existing wellhead protection area;
 - c. within, or within 500 feet of a wetland;
 - d. within an area overlaying a subsurface mine; or
 - e. within 500 feet from the nearest permanent residence, school, hospital, institution or church;
12. If the final discharge of the wastewater is not approved by the OCD, Enterprise will slowly transfer the wastewater from the frac tanks to an OCD approved C-133 water hauler for transport, injection, and disposal at Mesquite SWD, Inc.'s Class II injection well (API 30-015-23728/Order SWD 247-A);

13. Enterprise will have personnel on-site to oversee and control the transfer and utilize collection pans placed below the collection points to prevent an unauthorized release;
14. Enterprise will not be analyzing the hydrostatic test wastewater prior to disposal because of the following: the wastewater has been demonstrated to be RCRA exempt waste and the proposal is to transfer the wastewater to Mesquite SWD, Inc.'s Class II injection well for injection and disposal;
15. Enterprise will ensure the transfer the hydrostatic test wastewater via an OCD approved C-133 water hauler to Mesquite SWD, Inc.'s Class II injection well (API 30-015-23728/Order SWD 247-A) for injection and disposal;
16. Enterprise shall remove all hydrostatic test wastewater from the collection/retention location within ten (10) calendar days of the completion of the hydrostatic test;
17. Enterprise shall restore any surface area impacted or disturb from the approved activities;
18. Enterprise shall implement best management practices to prevent unauthorized releases during the transfer/collection activities;
19. Enterprise shall ensure that the discharge/transfer/collection activities do not cause any fresh water supplies to be degraded or to exceed standards as set forth in Subsections A, B, and C of the 20.6.2.3103 NMAC (the New Mexico Water Quality Control Commission Regulations);
20. Enterprise must properly notify the landowner(s) of the proposed discharge/collection location of the approved activities prior to the hydrostatic test event; and
21. Enterprise shall report all unauthorized discharges, spills, leaks and releases of hydrostatic test water and conduct corrective action pursuant to OCD Rule 29 (19.15.29 NMAC).

It is understood that the hydrostatic test will begin approximately November 15, 2013. This permit will expire within 120 calendar days of its issue date. This permit may be revoked or suspended for violation of any applicable provisions and/or conditions.

Please be advised that approval of this request does not relieve Enterprise of liability should operations result in pollution of surface water, ground water or the environment. Nor does approval relieve Enterprise of its responsibility to comply with any other applicable governmental authority's rules and regulations.

If there are any questions regarding this matter, please do not hesitate to contact me at (505) 476-3487 or brad.a.jones@state.nm.us.

Sincerely,

Ms. Nolan
