SUBJECT: REQUEST FOR APPROVAL OF NON-STANDARD LOCATION FOR SC FEDERAL #10

Dear Mr. Goetze,

ConocoPhillips Company respectfully requests a non-standard location exception to produce the SC Federal #10 well. The lease is recorded as NM LC 058395. The well is located in UL O, 1005' from the south line and 1880' from the west line of Section 22, Township 17S, Range 32E, Lea County, New Mexico. This surface location is slightly different from that which was originally permitted. The change was approved via Sundry Notice on March 17, 2014. The existing bottom hole location is in UL O, 1045' from the south line and 2303' from the west line of Section 22, Township 17S, Range 32E. The footages place the well closer than 330' from a Qtr/Qtr Section line and north lease boundary. The table below details the operators of adjacent spacing units.

Spacing Unit	Adjacent Units	# of Wells	Operator(s)
UL O, Sec. 22, T17S, and R32E	UL I, J, K, and N, Sec. 22, T17S, and R32E	13	ConocoPhillips Company
same	UL A, B, and C, Sec. 27,	7	ConocoPhillips Company
same	UL J, K, and N, Sec. 22, T17S, and R32E	13	COG Operating LLC

Enclosed are the following documents in support of this request.

**SUBJECT: ADDITIONAL INFORMATION NECESSARY TO APPROVE UNORTHODOX LOCATION FOR  
SC FEDERAL #10**

Dear Sir,

ConocoPhillips Company has respectfully requested a non-standard location exception for the SC Federal #10 well. The lease is recorded as NM LC 058395. The well is located on the SC Federal Lease, UL O, 1005' from the south line and 1880' from the east line of Section 22, Township 17S, Range 32E, Lea County, New Mexico. The bottom hole is located in UL O, 1045' from the south line and 2303' from the east line.

This letter serves to provide additional information the Engineering Bureau requires to approve our exception request. Our perforation interval is 5595'-6797' MD. This interval is entirely within UL O. The producing interval top is 1035' FSL and 2183' FEL of Section 22, Township 17S, and Range 32E.

The granting of this exception will prevent waste and minimize surface disturbance.

This location was found to be the only one suitable for this well, that would allow us to reach our targeted production zone, while still protecting sand dune habitat deemed critical by the Bureau of Land Management biologist.

If you have questions regarding this request, I can be reached at the telephone number above or via email at [Matt.S.Wasson@conocophillips.com](mailto:Matt.S.Wasson@conocophillips.com).

Sincerely,

A handwritten signature in cursive script, appearing to read "Matthew S. Wasson".

Re: Case Nos. 15119 and 15155 - ConocoPhillips Company's Applications for a Non-Standard Location for the Emerald Federal Well No. 9 and the Emerald Federal Well No. 1; and the SC Federal Well No. 10, Lea County, New Mexico.

Dear Ms. Bailey:

In Case No. 15119, ConocoPhillips Company ("COP") requested a non-standard location for its Emerald Federal Well No. 9, located in Section 17, Township 17 South, Range 32 East, NMPM, Lea County, New Mexico. This case was put on the New Mexico Oil Conservation Division's hearing docket after COG Operating LLC ("Concho") objected to the administrative application. Concho hereby withdraws its objection to this application.

In Case No. 15155, COP requested a non-standard location for its Emerald Federal Well No. 1, located in Section 17, Township 17 South, Range 32 East, NMPM, Lea County. COP filed this application directly to the hearing docket based on Concho's earlier objection to the Emerald Federal Well No. 9. Concho does not have an objection to this application.

It is Concho's understanding that COP will file an administrative application for the SC Federal Well No. 10, located in Section 22, Township 17 South, Range 32 East, NMPM, Lea County, New Mexico. Concho does not have an objection to this application.

Thank you for your time and attention to this matter.

Sincerely,

  
Ocean Munds-Dry
