Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Brown Bear 36 State No. 703H Well in the E/2 W/2 of Section 36, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Dear Mr. Catanach:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Brown Bear 36 State No. 703H Well** to be completed within the WC-025 G-09 S253336D; Upper Wolfcamp (Pool Code 98094) underlying Section 36, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 245 feet from the South line and 1409 feet from the West line (Unit N) of Section 36. The upper most perforation will be located 330 feet from South North line and 1394 feet from the West line (Unit N) of Section 36 and the lower most perforation will be 330 feet from the North line and 1394 feet from the West line of Section 36 (Unit C). Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox because it is closer than 330 feet to the western boundary of the project area. Approval of the unorthodox completed interval will allow for efficient spacing of horizontal wells and thereby prevent waste.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Brown Bear 36 State No. 703H Well** encroaches on the spacing and proration units to the Southwest, West, and Northwest.

Exhibit B is a land plat for Section 36 and the surrounding sections that shows the proposed **Brown Bear 36 State No. 703H Well** in relation to adjoining units and existing wells.

Exhibit C is a list of the parties affected by the encroachment to the Southwest, West, and Northwest. Each of these parties have been provided notice of this application by certified mail. EOG is the sole operator and mineral lessee of the state lease covering Section 36. Accordingly, there are no affected parties by the encroachment to the West. Nonetheless, a copy of this application has been provided to the New Mexico State Land Office and the Bureau of Land Management.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Jordan L. Kessler".

Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Brown Bear 36 State No. 703H Well in the E/2 W/2 of Section 36, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the New Mexico Oil Conservation Division on this date. Any objection to this application must be filed in writing within twenty days from this date with the applicant and the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico, 87505. If no objection is received within this twenty-day period, this application may be approved administratively by the Division.

If you have any questions about this application, please contact the following:
