## **APPLICATION FOR POOL LEASE COMMINGLE, AND OFF-LEASE MEASUREMENT, STORAGE AND SALES AT THE BIG WALT STATE CTB**

OXY USA WTP LP is requesting approval to amend previously approved surface commingle permit PLC-189 to add the Two Marks 36 State #4 well. A list of production feeding the Big Walt Central Tank Battery (CTB) can be seen on the attached well list.

### **Oil & Gas metering:**

The Big Walt CTB is located on State lease V026783 located at 32.4224, -104.4611 in Eddy County, New Mexico.

Each well will flow through a dedicated 4' x 10' gas scrubber with an orifice meter for gas. Gas will then flow to a check meter to measure total gas production from the facility before being sent to sales at Nearburg DCP meter # 720138 located at 32.469343, -104.434362.

Liquids from the gas scrubber will then flow to a dedicated 4' x 10' Free Water Knock Out (FWKO) vessel to separate the oil and water. Oil and water streams will be metered through turbine meters. Oil will then flow to oil tanks to be stored prior to sales through a LACT meter. Water will be sent to water storage tanks prior to being sent for disposal to either the McKittrick 11 #5 or MH SWD #1.

Production will be determined based on the aforementioned dedicated metered volumes from each well.

The oil and gas meters will be calibrated on a regular basis per API and OCD specifications.

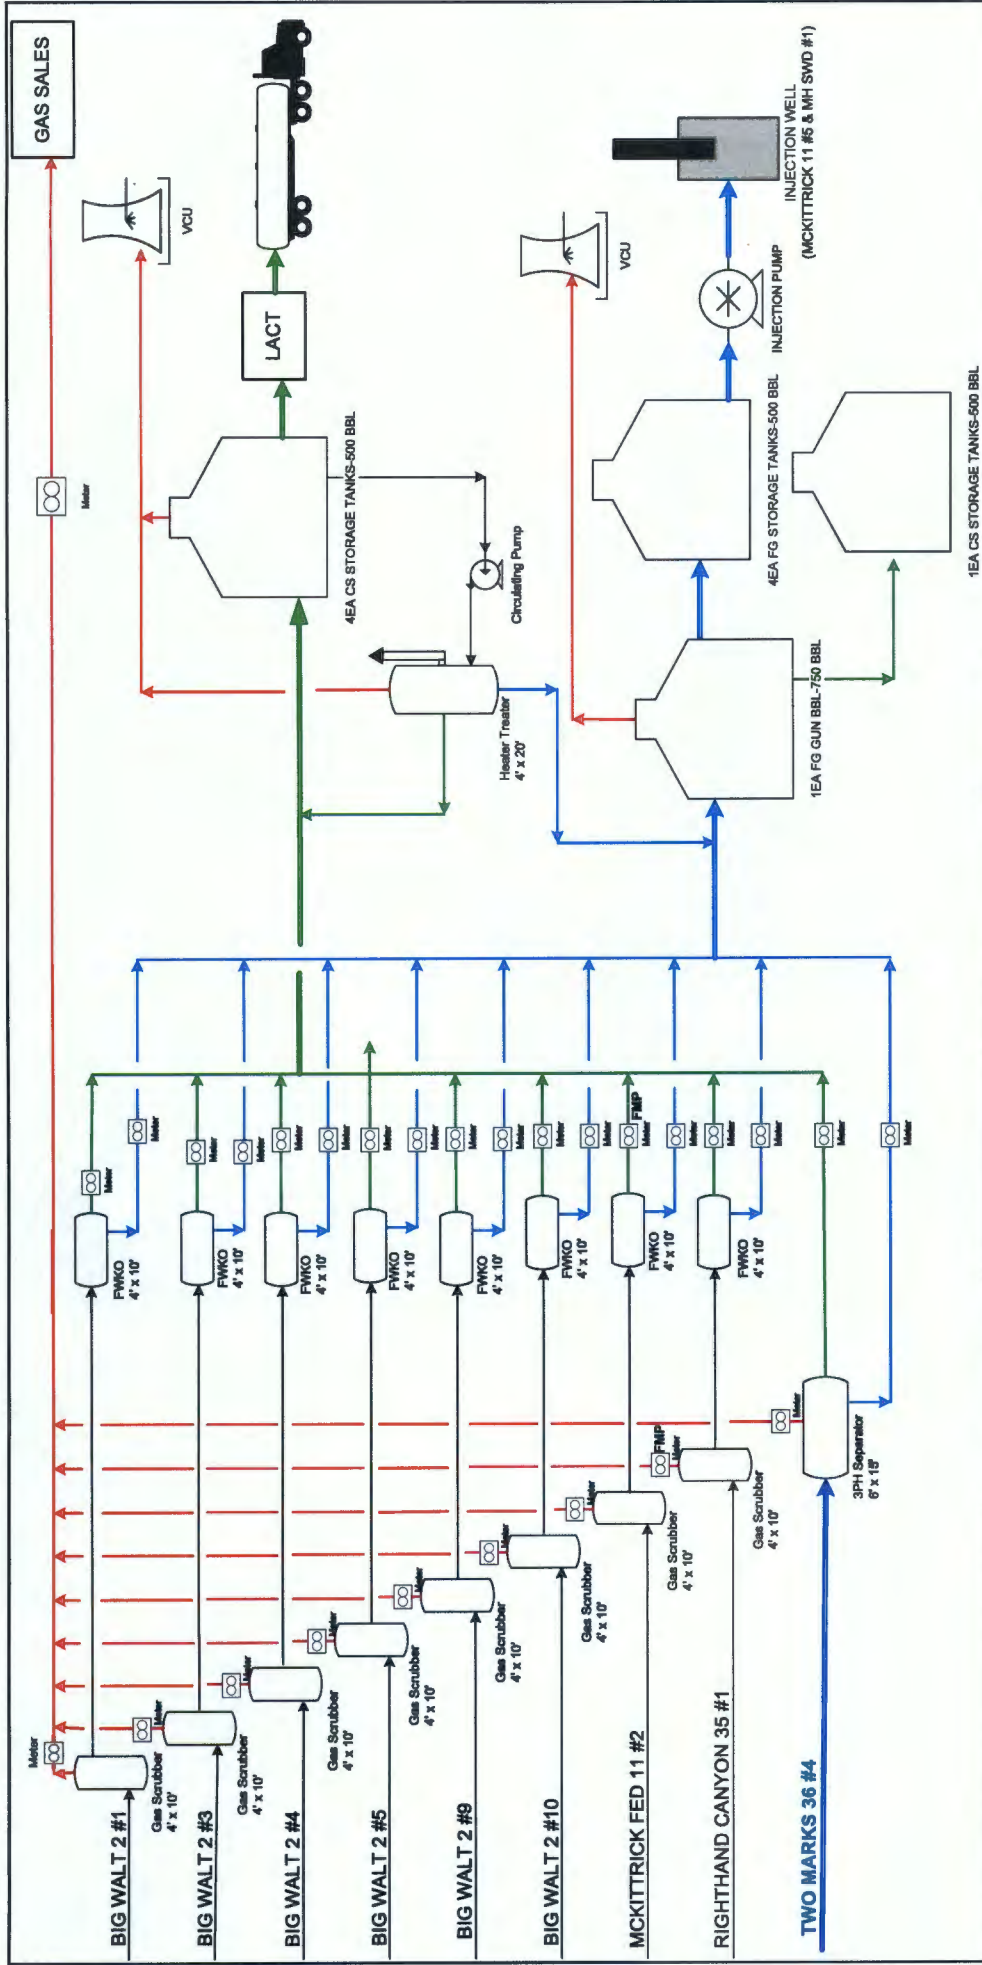

### **Additional Application Components:**

The flow of production is shown in detail on the enclosed facility diagram. Also enclosed is a map showing the locations of wells and Big Walt State CTB.

Commingleing this production is the most effective means of producing the reserves. OXY USA WTP LP understands the requested approval will not constitute the granting of any right-of-way or construction rights not granted by the lease instrument. These applications will be submitted separately for approval per NMOCD regulations. OXY USA WTP LP has submitted all required right-of-way's to the State Land Office.

Pursuant to Statewide rule 19.15.12.10(C)(4)(g) OXY USA WTP LP requests the option to include additional pools or leases within the defined parameters set forth in the order for future additions.

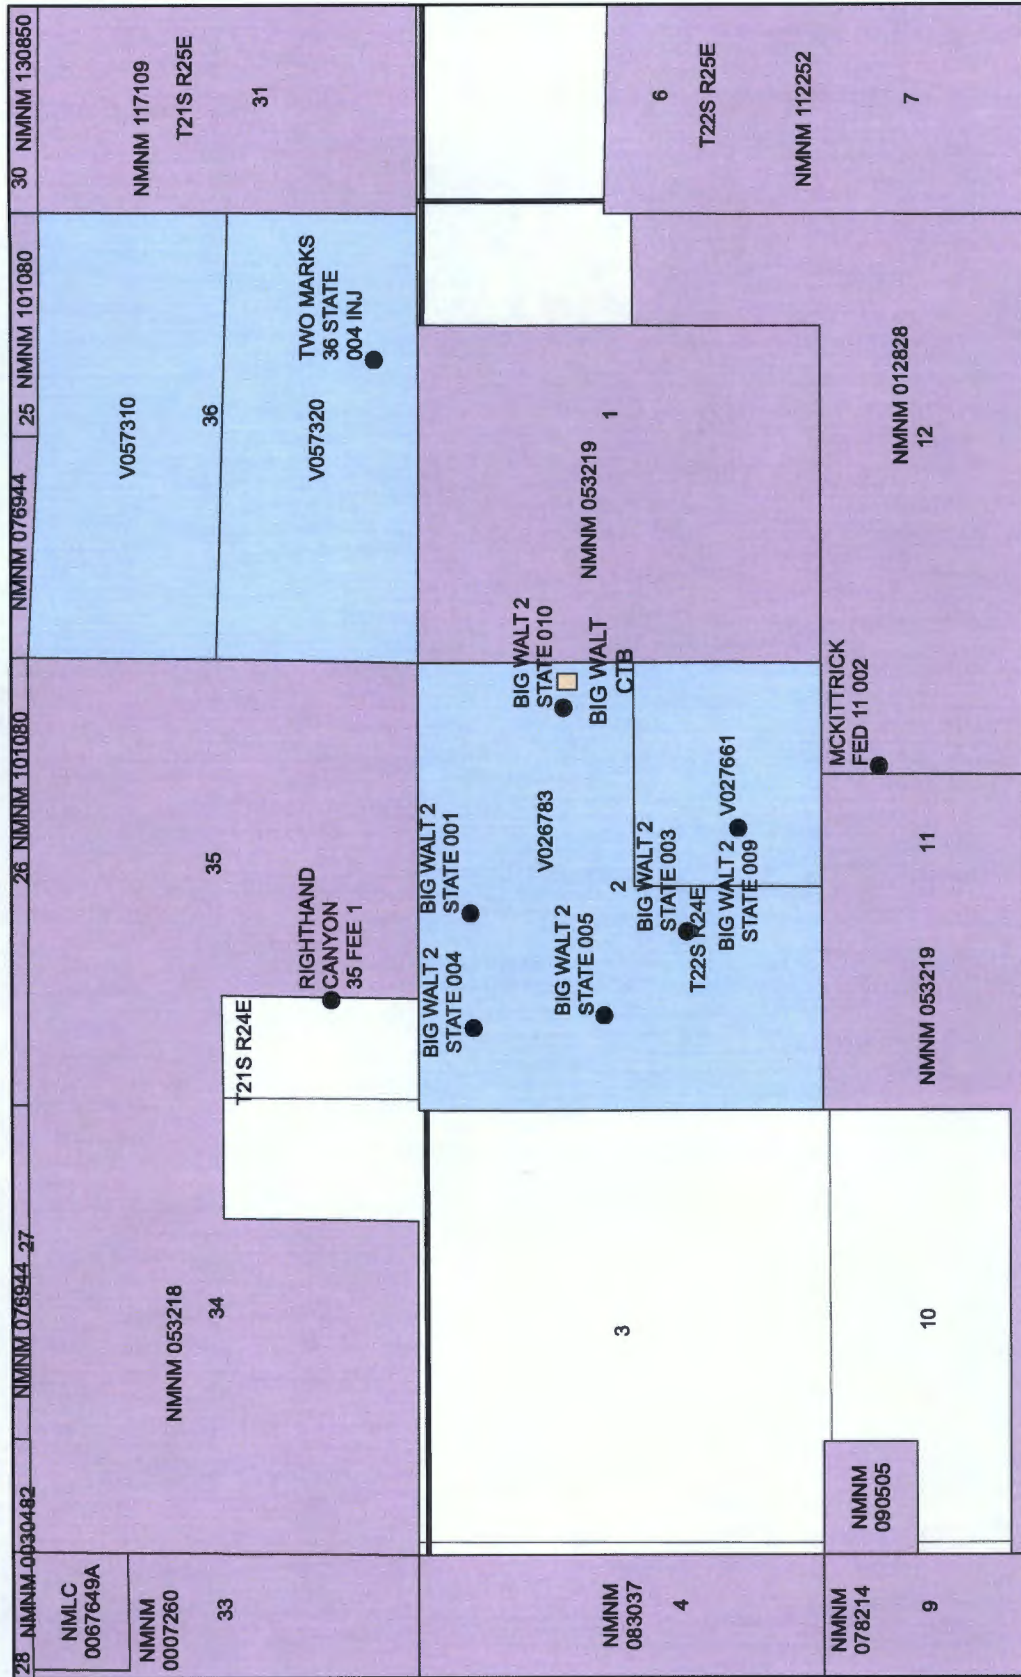

The working interest, royalty interest and overriding royalty interest owners have been notified of this proposal by certified mail.
